

PROSECUTION OF COUNCIL THREATENED BY A CITIZEN

D. J. Smith Says the City Legislators Have Acted Illegally and Must Be Brought to Time.

AN OUTGROWTH OF THE WYMAN CONTROVERSY

The following communication from D. J. Smith contains the interesting information that he, acting for himself and others, proposes to bring suit to compel the city council to obey certain provisions of the code. These provisions, he claims, have been violated in adopting a resolution to allow Solicitor Davidson to employ counsel in conducting the Wyman case. Mr. Smith, as usual, is thoroughly in earnest. His position in the matter is explained in the following letter:

East Liverpool, Dec. 28.
To the Editor of the News Review.

In the name of the taxpayers of the city of East Liverpool, I hereby make a public protest against the unlawful proceedings on the part of the city solicitor and council in passing a resolution officially authorizing the solicitor to employ aid in prosecuting the Wyman case, or more appropriately to wickedly and heathenly persecute officers faithful to duty and the oath of office.

By their official act they have made an illegal attempt to fasten an obligation upon the city treasury, and in doing so have disqualified themselves from holding office, as the citizens will readily see by comparing their official acts with section 45 of the code, which reads as follows:

"No contract, agreement or other obligation involving the expenditure of money shall be entered into, nor shall any ordinance, resolution or order for the expenditure of money be passed by the council or by any board or officer of a municipal corporation, unless the auditor of the corporation, and if there be no auditor, the clerk thereof, shall first certify to council that the money required for the contract, agreement or other obligation or to pay the appropriation of expenditure is in the treasury to the credit of the fund from which it is to be drawn, and not appropriated for any other purpose; which certificate shall be filed and immediately recorded and the sum so certified shall not thereafter be considered unappropriated until the corporation is discharged from the contract, agreement or obligation, or as long as the ordinance, resolution or order is in force; and all contracts, agreements or other obligations, and all ordinances, resolutions and orders entered into or passed, contrary to the provisions of this section, shall be void, and no party whatever shall have any claim or demand against the corporation thereunder.

"Nor shall the council or board, officer or commissioner of any municipal corporation have any power to waive or qualify the limits fixed by such ordinance, resolution or order, or fasten upon the corporation any liability

whatever for any excess of such limits or release any party from an exact compliance with his contract under such ordinance, resolution or order; nor shall any member of the council, board, officer or commissioner of the corporation have any interest in the expenditure of money on the part of the corporation other than his fixed compensation; and a violation of any provision of this section shall disqualify the party violating it from holding any office of trust or profit in the corporation and render him liable to the corporation for all sums of money or other thing he may receive contrary to the provisions of this section, and if in office he shall be dismissed therefrom.

"Provided, however, that the council of any city may authorize and the council of any village may make (subject to the provisions of sections 2491 and 3551 of the revised statutes of Ohio) a contract with any person or firm or company for lighting streets, alleys, lands, lanes, squares and public places in the municipal corporation, or for furnishing water to such corporation or for the collection and disposal of garbage in said corporation, or for the water works plant or both, of any persons, firm or company there-in situated, for a period not exceeding ten years, and the requirements of certificate that the necessary money is in the treasury shall not apply to such contracts. Provided, further, that such requirements shall not apply to street improvement contracts extending for one year or more, nor to contracts made by the board of health of any municipality, nor to contracts made by a village for the employment of legal counsel."

I have given the entire section that gives the gist of the code in restriction as to contracts, appropriations and expenditures and the liability of the council or any board or other officer for the violation of any provisions of this section, which shall disqualify the party violating it from holding any office of trust or profit in the corporation.

We expect to commence proceedings in the name and interest of the taxpayers of the city to have the above section in all its provisions legally enforced against the illegal actions of council and others, who have shown by their official acts to our citizens their animus against the executive officers of our city government and their enforcement of our laws for the protection of the lives, property and virtue of our citizens, and thereby promoting the prosperity and safety and happiness of all who may dwell within our borders.

Yours truly, to aid in upholding law, order and decency.

D. J. SMITH.

A WAITING GAME WILL BE PLAYED

OHIO REPUBLICANS WANT PUBLIC SENTIMENT TESTED.

Will Not Hold a State Convention Until Popular Wish as to Presidency Is Known.

Columbus, December 28.—(Special.) Chairman John A. Clingerman, of the Republican state central committee, has issued a statement declaring that it is the wish of the members and leaders to hold the state convention in May, the preferred dates being the 17th and 18th. The committee will meet about the middle of April to decide the matter. The national convention meets at Chicago June 21 and the delegates to it must be selected and accredited at least 30 days before hand.

The lateness of the date for the state convention has significance. It means that Ohio Republicans propose playing a waiting game that they may observe political developments throughout the country. This is the situation in a nut shell: Ohio Republicans will not commit themselves for Roosevelt for president until it is absolutely certain the whole country is for him.

If sentiment is against the renomination of the president for a second term Ohio Republicans desire to go into the big convention without any check-rein on their actions. Though Hanna is not a candidate for president should the whole country demand it, he might be forced to be one, against his wish.

RETURNED TO HER FORMER HOME

PENNSYLVANIA WOMAN WANTED HER CHILDREN SUPPORTED.

Authorities Looked Into the Matter And Concluded Not to Furnish Aid.

Mrs. Mary Whitlaw, who came from Beaver Falls about a week ago with her two small children, all three of whom have been a charge upon the township trustees ever since, returned to the Pennsylvania town this afternoon.

The woman applied for aid soon after coming here and last week unfolded a very neat plan for her own comfort. She had been promised work and was willing to enter upon it at once. The children had to be cared for, however, and she proposed that the trustees send them to the Fairmount home. After investigating the board concluded the Ohio authorities had no jurisdiction, since the woman was from Pennsylvania, and if there was help to be given her the officials of the Keystone state would have to look after the children.

Mrs. Whitlaw's husband deserted her several years ago and his whereabouts are unknown. She will therefore take her little ones to Beaver Falls and endeavor to place them in an institution. This accomplished she will return to East Liverpool.

ANSWER IN WYMAN CASE IS NOW BEING PREPARED

The Interests of the Chief of Police Will Be Properly Looked After.

Attorney Jason H. Brookes, when asked about the status of the supreme court case brought by the attorney general of the state upon the solicitation of City Solicitor Davidson to oust John W. Wyman from the position of chief of police, stated that the defense was being prepared and that Mr. Wyman's interests will be properly cared for. Attorney Brookes, with Billingsley, Clark & DeFord, represent Mr. Wyman.

The answer to the petition filed by the attorney general is being prepared and will be filed when completed.

POTTERS FAILED TO GET THEIR PAY

Workers at Cameron, W. Va., Had a Big Disappointment on Christmas.

THE BANK'S DOORS CLOSED

And Affairs in the Boom Town Are Anything But Rosy—The Head of the Bank Has Been An Active Pottery Promoter.

Misfortune has overtaken the pottery town of Cameron, W. Va., and its bank has closed its doors.

"Cameron is one of the greatest boom towns in the country," said Wesley Fleming today. "The president of the pottery there is president of the First Citizens' bank, the main 'push' in every public enterprise in the town, and with the remainder of his family constitute the whole government."

"The affairs of these concerns, public and private, are run on the very latest and strictly original plan. Last Thursday afternoon the employees of the Cameron pottery were paid off in checks made payable at the Citizens' bank. The men went in a body to the bank, all happy in the anticipation of receiving their Christmas money, and the pleasures the presents purchased with it would bring. Just as they reached the institution the doors were closed, and the pottery men were informed that the bank would pay out no money."

"The scene that followed beggars description. The men were indignant, and took no pains to conceal their disappointment. There was strong talk of organizing a mob for the purpose of administering a coat of tar and feathers to those responsible for the outrage, but the more conservative among the employees vetoed the move. I have over \$100 in the bank, and will sell my bank book and other paraphernalia for anything I can get. Cameron is a boom town for fair."

Mr. Fleming is an old-time potter, having worked in East Liverpool years ago. He went from Steubenville to Cameron some time ago, but will hardly return. The owners of the Cameron pottery have projected no less than six pottery plants in different parts of the United States. The plant at Cameron and one at Mannington are the only ones completed and in operation to the present. The object of the enterprise is said to be a move against the pottery association of East Liverpool.

A LIVELY ROW IN A SALOON

STELLA MEARS' PLACE THE SCENE OF A HOT SCRAP.

Man And Woman Participants in a Disgraceful Affair—No Arrests Yet.

Though no arrests were made there is said to have been the liveliest sort of a row at Stella Mears' place on lower Broadway Saturday night. Lizzie Kiser and Wilma Craig are reported to have been the principal actors, and there were many novel and entertaining numbers.

The saloon is fitted with nine rooms and on Saturday evening the place was well patronized. Craig is said to have been making love to one of the female patrons, which action aroused the ire of Lizzie. She emptied the glass from which she had been drinking and hurled it at Craig's head with all the force she could command. Contrary to the rule the aim was excellent, and Craig went down. The glass hit him in the head and flew into a thousand pieces. The wound was an ugly one and bled profusely.

The colored man was so enraged that he paid little heed to the hurts, but is alleged to have seized the woman by the hair and half carrying and dragging her, forced her to accompany him to the hallway. Here the fight was continued. Craig is a powerful man and he said to have pounded the woman's face to a pulp. When he had finished, those who witnessed the occurrence assert that both were covered with blood and presented anything but a pleasing appearance. It is said friends persuaded the couple to leave and they have both been under cover ever since, fearing arrest.

KENILWORTH PLANT TO BE REBUILT

CAPTAIN JOHN PORTER SAID TO BE INTERESTED.

Announcement Made That the New Factory Will Be Larger and Better Than the Old.

It has been announced that the big brick plant at Kenilworth, west of town, would be rebuilt within the next few months and put in operation on a much larger scale. Captain John Porter, the brick king, is said to be back of the deal.

The Kenilworth plant, which was a comparatively new one, was destroyed by fire about two years ago, the factory and its entire equipment being a total loss. The Ohio River Fire Clay company, which concern owned and operated the plant before the fire, either had not the capital to rebuild or was not disposed to do so. At any rate, the factory has been idle and entirely useless ever since. While in operation the plant was understood to be one of the best, though not the largest, in the Ohio valley. It had a capacity of 30,000 brick per day, and the quality of the output was second to none in the country.

Underlying the farm land in the immediate vicinity of the old plant is 75 acres of the best brick clay to be found in the United States. The shipping and other facilities are as good and offer as many advantages as are enjoyed by any plant in the district. All these facts are well known and have been taken into consideration by the promoters of the present deal. Capt. Porter is one of the oldest and best posted brick manufacturers in the country, and his connection with the enterprise carries with it the guarantee that the ground has been well and thoroughly gone over.

If Capt. Porter and his associates succeed in carrying out their present plans it is said the capacity of the new factory will be nearly double that of the former. The building and machinery will be of the latest and most improved pattern, and when the plant has been completed and is ready for operation, will be one of the largest and best in the country.

CHARLES KONTNIER PRESIDENT AGAIN

Re-Elected in Spite of His Protests By Local 52 of Street Car Employees.

Charles Kontnier was re-elected president of division No. 52, Amalgamated Association of Street Railway Employees, at the meeting held late Saturday night. The fact that he was chosen over his own protest is an evidence of the high regard the members of the union have for him. He has been a capable and painstaking official and the success of the union is due in a great measure to his wise counsel and thorough knowledge of questions concerning labor. The remaining officers are: J. B. Williams, vice president; L. C. Cope, recording secretary; J. W. Todd, financial secretary; William Donovan, treasurer; L. Shaffer, conductor; Ed Bolton, wardens; Herbert Congrove, sentinel.

No. 52 has experienced a prosperous year and the organization is as strong as at any time in its history.

HANGED HIMSELF IN HIS CELL

A Steubenville Italian, Jailed For Shooting, Hanged Himself Quietly.

Steubenville, December 28.—Quintella Polish, an Italian occupant of the county jail, committed suicide last night by hanging himself from the cell bars with his leather belt strap. He was committed for shooting to kill a man at a mining camp near Smithfield and from the day he was incarcerated he imagined that he was going to be hanged for the crime.

He brooded over it until he became unbalanced. Friends visited him daily to dissuade him of his notion. He hanged himself so quietly that a Hungarian in the same cell knew nothing of it until he awoke yesterday morning.

INAUGURATION WILL BE A MOST NOTABLE EVENT

Crowds Will Flock to Columbus to Witness the Splendid Ceremonies Next Month.

EVERY FEATURE IS TO BE VERY ELABORATE

From a Staff Correspondent.

Columbus, December 28.—That the inauguration of Governor-elect Herrick will be the most notable event of its character in the history of the state is an assured fact. The many committees having charge of the arrangements are intensely enthused and are working like Trojans. They are thoroughly organized and are performing their respective duties systematically. It is pretty hard to definitely predict the size of the crowd the inauguration will draw, but it is conservatively estimated there will be at least 50,000 visitors in the city. The event will be advertised widely. A sub-committee of 20 Columbus writers, under direction of Mr. John Stanton Mosgrove, a trained newspaper man of many years experience, will look after this feature, and are working along lines different from anything heretofore considered. They will write up the inauguration in all its phases and sent out eight hundred columns of plate matter to four hundred Buckeye papers, and will supplement this with manuscript articles which will be sent to 150 papers equipped with linotype machines. Special subjects have been assigned the members of the committee. The matter will be prepared as attractively as possible, and every effort will be made to

compelled to step in and care for him. Abner Hulmes appeared at city hall Saturday evening and took him home. The lad did not want to go and would have much preferred a home at the Fairmount institution, but there was nothing left for him and he was obedient.

The father trumped up a story concerning the neglect of the boy which no one believed. He said the lad ran away from home and it was only the day before that he learned of his presence at city hall. Hulmes said he had been worried half to death about the little fellow and had been looking for him all week. He was so anxious that he had forgotten to get a shave.

The authorities believe the case is one which will bear watching and the welfare of the little boy will be looked after. There are many people who are acquainted with the circumstances and they believe the couple ought to have been prosecuted in the present instance, and if a wrong move is made in the future they propose to see that the guilty ones are punished.

TREASURER CAMERON GIVEN A SURPRISE

Employees of His Department Presented the Popular Official a Fine Christmas Gift.

Columbus, December 28.—(Special.)—Hon. I. B. Cameron, treasurer of state, was pleasantly remembered by the members of his department on Christmas day. They presented him with a beautiful hand engraved gold watch. On the back of the inner case is the inscription: "Isaac Bain Cameron, State Treasurer of Ohio. From Employees, December 25, 1903."

Exactly two weeks from today Mr. Cameron will lay down the duties of the office he assumed four years ago and the bestowal of the gift was but one way upon the part of the members of the department to give expression to the warm feeling and high esteem they have for the recipient. It may and may not have been but a coincidence, but other admirers of Mr. Cameron at the same time gave him a handsome gold watch chain. Both gifts were complete surprises, and in thanking the donors Mr. Cameron said he could not find words adequately to express his feelings.

emphasize the importance of the function and set forth in detail all the features. It is the purpose of the committee to impress upon every citizen of Ohio the fact that the inauguration will be well worth seeing.

The spectacular features will surpass anything of the kind ever seen in a civic demonstration in this state. They will be seen in the pageant, which will be elaborate in the extreme. Three hundred and fifty horsemen appa- railed in historical costumes touching the periods from the old Romans down to the present will participate. These costumes come from New York. The National Guard will have about 3,000 members in line, and there will be college military organizations and other independent military bodies from various parts of the state. Many marching clubs will come from the large cities.

The parade will be in charge of General H. A. Axline, a former adjutant general of Ohio. Labor organizations will also be represented. The city will be gaudily decorated and the state house will be a mass of bunting and flags.

The low rates allowed by the central passenger associations over all railroads insures a large attendance, because people will take advantage of this, even if only for the pleasure of a trip to the state capital.

THE KNIGHTS OF COLUMBUS MEET

Important Session of the Order Being Held in Wheeling Today.

Wheeling, December 28.—The Knights of Columbus are holding an important meeting in this city. Members of the order from the councils at Parkersburg, Grafton, Elkins, Piedmont, Charleston and this city are present and visitors from Steubenville, Canton, East Liverpool, Wells- ville, Zanesville, Portsmouth, Marietta, Cumberland, Md., and possibly from Pittsburg and Philadelphia are in attendance.

At 8 o'clock in the morning the Knights attended mass in a body at St. Joseph's cathedral. The delegates to the state council convened at the Carroll club at 9 a. m.

In the afternoon at 2 o'clock work in the third degree began at the lodge's quarters in the I. O. O. F. building in charge of P. J. Brady, of Cleveland, state deputy of Ohio, and the degree corps from the Cleveland lodge.

The banquet will then be held at the Carroll club and toasts will be responded to by Rev. C. A. Mulhearn, of Martin's Ferry, P. J. Brady, state deputy of Ohio, Hon. D. H. Leonard, of Parkersburg, A. J. Bour, Grand Knight of Canton council, and Dr. C. A. Wingeter, state deputy of West Virginia.

The delegates will form a state council in the evening, having more than the required membership necessary for the formation.

The first council to organize in the state was Wheeling, which was instituted about three years ago with a membership of 58, the council now numbering 135, and is steadily increasing.

There are now six councils in the state with a membership of about 650, located in Wheeling, Parkersburg, Charleston, Grafton, Piedmont and Elkins, and lodges at Huntington and Morgantown will soon be instituted.

Dr. Ikirt Still Improving.
Dr. George P. Ikirt, whose recovery from pleuro-pneumonia was not expected two weeks ago, is improving as rapidly as possible. At times for the past four weeks and since the doctor's return from a southern business trip, he has been hovering between life and death. For the past two weeks every symptom has been in his favor, and indications at present point towards convalescence. Dr. Ikirt has manifested wonderful vitality in his serious illness and has fought courageously for recovery.

CHRISTMAS ENJOYED AT FAIRMONT HOME

Children Were Made Happy By the Dolls And Toys Donated By the Woman's Relief Corps.

The children at the Fairmount home, thanks to the Woman's Relief Corps of this city, greatly enjoyed Christmas day. There was a big turkey dinner, after which the children spent an enjoyable afternoon with their new dolls and toys, gifts from the Relief Corps.

The committee from the organization succeeded in raising the sum of \$163 for the children and of this amount \$117.60 was expended for the dolls and toys, the balance being placed in the hands of Supt. Southworth to be used in purchasing suitable books for the institution.

The baggage car containing the company's property was held in the city over Sunday. The attachment was secured by Rinehart when he and Brehm failed to agree over the bill for hauling the company's scenery from the car to the opera house. Manager Brehm finally paid the bill in full and the costs of action.

Craig is said to have been making love to one of the female patrons, which action aroused the ire of Lizzie. She emptied the glass from which she had been drinking and hurled it at Craig's head with all the force she could command. Contrary to the rule the aim was excellent, and Craig went down. The glass hit him in the head and flew into a thousand pieces. The wound was an ugly one and bled profusely.

The colored man was so enraged that he paid little heed to the hurts, but is alleged to have seized the woman by the hair and, half carrying and dragging her, forced her to accompany him to the hallway. Here the fight was continued. Craig is a powerful man and is said to have pounded the woman's face to a pulp. When he had finished, those who witnessed the occurrence assert that both were covered with blood and presented anything but a pleasing appearance. It is said friends persuaded the couple to leave and they have both been under cover ever since, fearing arrest.

KENILWORTH PLANT TO BE REBUILT

CAPTAIN JOHN PORTER SAID TO BE INTERESTED.

Announcement Made That the New Factory Will Be Larger and Better Than the Old.

It has been announced that the big brick plant at Kenilworth, west of town, would be rebuilt within the next few months and put in operation on a much larger scale. Captain John Porter, the brick king, is said to be back of the deal.

The Kenilworth plant, which was a comparatively new one, was destroyed by fire about two years ago, the factory and its entire equipment being a total loss. The Ohio River Fire Clay company, which concern owned and operated the plant before the fire, either had not the capital to rebuild or was not disposed to do so. At any rate, the factory has been idle and entirely useless ever since. While in operation the plant was understood to be one of the best, though not the largest, in the Ohio valley. It had a capacity of 30,000 brick per day, and the quality of the output was second to none in the country.

Underlying the farm land in the immediate vicinity of the old plant is 75 acres of the best brick clay to be found in the United States. The shipping and other facilities are as good and offer as many advantages as are enjoyed by any plant in the district. All these facts are well known and have been taken into consideration by the promoters of the present deal. Capt. Porter is one of the oldest and best posted brick manufacturers in the country, and his connection with the enterprise carries with it the guarantee that the ground has been well and thoroughly gone over.

If Capt. Porter and his associates succeed in carrying out their present plans it is said the capacity of the new factory will be nearly double that of the former. The building and machinery will be of the latest and most improved pattern, and when the plant has been completed and is ready for operation, will be one of the largest and best in the country.

CHARLES KONTNIER PRESIDENT AGAIN

Re-Elected in Spite of His Protests By Local 52 of Street Car Employees.

Charles Kontnier was re-elected president of division No. 52, Amalgamated Association of Street Railway Employees, at the meeting held late Saturday night. The fact that he was chosen over his own protest is an evidence of the high regard the members of the union have for him. He has been a capable and painstaking official and the success of the union is due in a great measure to his wise counsel and thorough knowledge of questions concerning labor. The remaining officers are: J. B. Williams, vice president; L. C. Cope, recording secretary; J. W. Todd, financial secretary; William Donovan, treasurer; L. Shaffer, conductor; Ed Bolton, wardman; Herbert Congrove, sentinel.

No. 52 has experienced a prosperous year and the organization is as strong as at any time in its history.

HANGED HIMSELF IN HIS CELL

A Steubenville Italian, Jailed For Shooting, Hanged Himself Quickly.

Steubenville, December 28.—Quintella Polish, an Italian occupant of the county jail, committed suicide last night by hanging himself from the cell bars with his leather belt strap. He was committed for shooting to kill a man at a mining camp near Smithfield and from the day he was incarcerated he imagined that he was going to be hanged for the crime.

He brooded over it until he became unbalanced. Friends visited him daily to dissuade him of his notion. He hanged himself so quietly that a Hungarian in the same cell knew nothing of it until he awoke yesterday morning.

INAUGURATION WILL BE A MOST NOTABLE EVENT

**Crowds Will Flock to Columbus to Witness the
Splendid Ceremonies Next
Month.**

EVERY FEATURE IS TO BE VERY ELABORATE

From a Staff Correspondent.

Columbus, December 28.—That the inauguration of Governor-elect Herrick will be the most notable event of its character in the history of the state is an assured fact. The many committees having charge of the arrangements are intensely enthused and are working like Trojans. They are thoroughly organized and are performing their respective duties systematically. It is pretty hard to definitely predict the size of the crowd the inauguration will draw, but it is conservatively estimated there will be at least 50,000 visitors in the city. The event will be advertised widely. A sub-committee of 20 Columbus writers, under direction of Mr. John Stanton Mosgrove, a trained newspaper man of many years experience, will look after this feature, and are working along lines different from anything heretofore considered. They will write up the inauguration in all its phases and send out eight hundred columns of plate matter to four hundred Buckeye papers, and will supplement this with manuscript articles which will be sent to 150 papers equipped with linotype machines. Special subjects have been assigned the members of the committee. The matter will be prepared as attractively as possible, and every effort will be made to

emphasize the importance of the function and set forth in detail all the features. It is the purpose of the committee to impress upon every citizen of Ohio the fact that the inauguration will be well worth seeing.

The spectacular features will surpass anything of the kind ever seen in a civic demonstration in this state. They will be seen in the pageant, which will be elaborate in the extreme. Three hundred and fifty horsemen apparelled in historical costumes touching the periods from the old Romans down to the present will participate. These costumes come from New York. The National Guard will have about 3,000 members in line, and there will be college military organizations and other independent military bodies from various parts of the state. Many marching clubs will come from the large cities.

The parade will be in charge of General H. A. Axline, a former adjutant general of Ohio. Labor organizations will also be represented. The city will be handsomely decorated and the state house will be a mass of bunting and flags.

The low rates allowed by the central passenger associations over all railroads insures a large attendance, because people will take advantage of this, even if only for the pleasure of a trip to the state capital.

THE KNIGHTS OF COLUMBUS MEET

Important Session of the Order Being Held in Wheeling Today.

Wheeling, December 28.—The Knights of Columbus are holding an important meeting in this city. Members of the order from the councils at Parkersburg, Grafton, Elkins, Piedmont, Charleston and this city are present and visitors from Steubenville, Canton, East Liverpool, Wellsburg, Zanesville, Portsmouth, Marietta, Cumberland, Md., and possibly from Pittsburgh and Philadelphia are in attendance.

At 8 o'clock in the morning the Knights attended mass in a body at St. Joseph's cathedral. The delegates to the state council convened at the Carroll club at 9 a. m.

In the afternoon at 2 o'clock work in the third degree began at the lodge's quarters in the I. O. O. F. building in charge of P. J. Brady, of Cleveland, state deputy of Ohio, and the degree corps from the Cleveland lodge.

The banquet will then be held at the Carroll club and toasts will be responded to by Rev. C. A. Mulhearn, of Martin's Ferry, P. J. Brady, state deputy of Ohio, Hon. D. H. Leonard, of Parkersburg, A. J. Bour, Grand Knight of Canton council, and Dr. C. A. Wingeter, state deputy of West Virginia.

The delegates will form a state council in the evening, having more than the required membership necessary for the formation.

The first council to organize in the state was Wheeling, which was instituted about three years ago with a membership of 58, the council now numbering 135, and is steadily increasing.

There are now six councils in the state with a membership of about 650, located in Wheeling, Parkersburg, Charleston, Grafton, Piedmont and Elkins, and lodges at Huntington and Morgantown will soon be instituted.

Dr. Ikirt Still Improving.

Dr. George P. Ikirt, whose recovery from pleuro-pneumonia was not expected two weeks ago, is improving as rapidly as possible. At times for the past four weeks and since the doctor's return from a southern business trip, he has been hovering between life and death. For the past two weeks every symptom has been in his favor, and indications at present point towards convalescence. Dr. Ikirt has manifested wonderful vitality in his serious illness and has fought courageously for recovery.

Will Conduct Initiation—The degree team of the local lodge of Hibernians, accompanied by about 15 members of the lodge, will leave tomorrow afternoon for Salineville, where the team will have charge of the initiatory ceremonies at the meeting of the Salineville lodge.

Among the Potteries and Allied Industries

IMPORTANT DISCOVERIES.

The excavations now being made at Rome, under the direction of Prof. Boni, have been productive of many discoveries interesting to the pottery world. William E. Curtis, the famous correspondent of the Chicago Record-Herald, who has been watching the progress of the work, has recently published an interesting interview with Prof. Boni, a part of which follows:

"But perhaps the most important of recent discoveries, however, is a prehistoric necropolis, near the Sacred Way. The first tombs were found close to the foundations of the Temple of Antoninus and Faustina, some 12 feet below the surface, and others near the heron of Romulus. Some of the bodies were inclosed in coffins chiseled out of logs of oak, others had been cremated, and the ashes had been deposited in cremation urns, showing two races and two religions, which opens up a new field of inquiry concerning the race and the religion of the people who dwelt upon Palatine Hill previous to the eighth century. That period is shrouded in darkness, but these new discoveries may throw some light upon the earlier inhabitants of Rome.

"We found a good deal of pottery and one of the jars contained the remains of a funeral feast, pieces of bread and ribs of an animal, probably a lamb or a goat, scales of a fresh water fish and a kind of polenta or porridge made of corn. That settles several interesting questions and shows that the prehistoric inhabitants of Rome ate the flesh of animals and fish, raised corn and wheat, ground them to flour, made the flour into dough and baked it as we do. We also settled a debated point as to the material of which the prehistoric vases were made, for experiments with the clay in which the tombs were embedded have enabled us to reproduce these vases perfectly and to show that they were made of simple volcanic earth, polished with instruments of bone and baked in a closed oven. One of the cremation urns is a miniature reproduction of a thatched hut, not unlike those used today by the peasants on the Roman campagna."

pleted stocks and are noticeably fewer. Buying by dealers from manufacturers is practically over for the year on goods for immediate delivery, says the Commercial, but a fair amount of business has been booked by both importers and domestic manufacturers for future delivery. In most lines tableware representatives of domestic potters report a slack interest in jobbing quarters. Some lines of glassware are meeting a fair call, decorated and cut glass effects being in good request from distributors. Manufacturers' agents are busy with the campaign work for the spring trade, and are showing samples of new designs and decorations.

Among the potters at producing points the work of clearing up stocks and preparing for the new year is going forward. Lamp manufacturers are busy in some sections, though late advices indicate a general slackening up of shipments to eastern points. Reports from glass manufacturing points indicate a somewhat unsettled situation. Advices state that the difference between the manufacturers and their help is not entirely settled yet, though some of the plants are making preparations to begin operations. Deliveries of new glass are looked for in the next 30 days. So far as can be learned, nothing in the shape of prices for next year has come forward from the manufacturers.

ENTERPRISING ATELIER.

Among the goods of the royal families of the Hawaiian Islands, which were disposed of when the islands came under the American flag, were numerous ceramic articles of various classes of ware and many articles of gaudy and unique designs which had been especially made for royalty, says China, Glass and Lamps. For a considerable time are-loving American tourists have been expending large sums of money while visiting Honolulu in acquiring ceramic bric-a-brac that were reputed to belong to the palace collections. The police officials have been warned that a large proportion of the articles are spurious, and were made in San Francisco. Steps are now being taken to discover which ceramic atelier in that city is turning out royal Hawaiian ware. Members of the California Ceramic club have a good idea of the guilty parties and there is reason for believing that a prosperous industry will shortly meet with unextinguishable difficulties.

BETHLEHEM'S GIFT TO MAN

Rev. Dr. Pratt Gave an Interesting and Logical Lecture on Christ's Life and His Influence.

NECESSARY AND NATURAL

After 20 Centuries of Religious Refinement As He Was in the Days of Coarseness and Crudity—Evening Sermon By Rev. William Kinney.

In continuation of his Christmas theme of last Sunday, Rev. Dr. Pratt gave an interesting sacred lecture yesterday morning, the subject being, "Bethlehem's Gift to Man." The very inclement weather of the morning kept many away from the service, the congregation being fewer in number than for many months. The singing at the morning service was excellent.

Rev. Dr. Pratt took Micah's prophecy of the coming of Christ as his text, picturing the decadent nation of Israel, which after the death of Solomon and in punishment for the sins of David, had met with calamities and lost its prestige. Religion and morality was at a low ebb. There had been a falling away from the original promise and there was nothing in the times to inspire the prophecy. The minister compared the conditions at Christ's coming with those at the inception of the Mohammedan and other important religions.

Christ's coming fitted that age as light to the eye, but what of coming ages? Will Jesus Christ be left in the past after working such moral and religious revolution? Will He fit after 20 centuries of religious refinement? The most unique of all, said the minister, is the strange fact that Christ is as natural and necessary as in the days of coarseness and crudity.

The world needed a reversal of things. There was a necessity for the supremacy of the spiritual over the material. No man can claim alignment with Christ who permits matters material to overshadow the spiritual. Christ, in assuming and maintaining a condition of poverty when the wealth of God's kingdom was at command, made his life a protest against the false idea of superiority of the material over the spiritual.

At the evening service the pulpit was occupied by Rev. William Kinney, a former resident of East Liverpool, now pastor of a Methodist church in Cleveland. The congregation contained many old friends of the minister, and his sermon was greatly enjoyed.

INSPIRING SERVICES AT ST. STEPHEN'S CHURCH

Observation of Third Dedication Anniversary Brought Enjoyment to Congregation and Rector.

The observance of the third anniversary of the dedication of St. Stephen's Episcopal church edifice yesterday brought out unusually large congregations. The event was a happy one for the church and rector, marking as it did three years of spiritual and material growth and blessings.

At the morning service Rev. Edwin Weary preached a very eloquent sermon, in which the accomplishments of the past three years were briefly recounted. The church was beautifully decorated and the song service was very inspiring.

A special mass meeting for men was held in the afternoon and Rev. Mr. Weary gave an address upon the theme, "A Young Man the First Martyr." This meeting was well attended and those present found great enjoyment in it.

The largest congregation of the day attended the evening service, at which the musical program was the important feature. The anthems by the choir and solos by Miss Rosa Rowe and Miss Alice Devon were greatly enjoyed.

TWO ELOQUENT SERMONS BY REV. MR. REINARTZ

Perfect Manliness and Lovableness of Christ's Character Depicted at the Evening Service.

The services at St. John's Evangelical Lutheran church yesterday were well attended and two interesting and eloquent sermons from the pastor, Rev. J. G. Reinartz, were heard. The Christmas decorations were still in place and added to impressiveness of the services. For the evening sermon the minister preached from the text, "And We Beheld His Glory." The acts of Christ were reviewed and the perfect manliness of His irrefragable

character, the tender affection and loveliness of His nature were eloquently emphasized. In concluding the minister said:

"As we behold His glory, as the church bids us do now when she dwells upon the great truth of the incarnation in her lessons and devotions we may through divine grace view each phase and manifestation of His holy human life with exulting gratitude, for we know it was not only the life of the highest and holiest who ever drew the breath of life, but the life of the word, made flesh, who loved us and gave Himself and all that He was and died for us and all poor sinners, who see no beauty in themselves or in their lives, but find in Him perfect beauty and perfect satisfaction, peace and joy."

Two Eloquent Sermons.

The pulpit at the First Presbyterian church was occupied morning and evening yesterday by Rev. C. M. Alford, of the Westminster church, Philadelphia, and large congregations heard his sermons. The congregation at the evening service was one of the largest in many months. The beautiful Christmas decorations were still in place and the surroundings were such as to make the minister's message much more solemn and impressive.

EAST END

NEW HALL OPENED

Sons of Temperance Give An Enjoyable Social and Oyster Supper.

Welcome Division, Sons of Temperance, opened their new hall on Mulberry street Saturday evening by giving a social and oyster supper. The event was well attended and all present enjoyed themselves. Welcome Division now number 77 of a list and are now entitled to books for their library to the number of 200, for the securing of 75 members.

Miss McCain, secretary of the division, has communicated the fact to Superintendent Rockwood, who is stationed at Philadelphia, and it will not be long until the new books will be a fixture of the bright reading room. Many of the members will be present at the watch night services at Wells-ville Division hall.

Wrestler's Nose Broken.

Thomas Cross, a young man of Chaffinville, and Charles McCrear engaged in a friendly wrestling match at the rooms of the East End club Saturday night, which resulted in Cross being thrown violently to the floor, receiving bad injuries to his face. His nose was broken in the fall and his face badly discolored.

Revival Services.

G. W. Menough, of Pleasant Heights, will be in charge of the revival services that will commence in the Dixonville school room tonight. The meetings will undoubtedly meet with success, as the members of the Christian union denominations in that vicinity are excellent church workers.

Much Work Ahead.

Lew Howard and his street force are not doing very much in the way of improvements in that department at present, but a lot of work is outlined as soon as there is a moderation in the weather. Many new sidewalks will be the first order of work.

Annual Meeting.

A business meeting of the board of the Federal Building & Loan company will be held in the offices of the company this evening. General routine business will be transacted and also an election for three new directors for the ensuing year will be held.

PARK

Park, December 28.—A Christmas entertainment was given at the M. E. church on Christmas evening by the Sunday school. The program was well rendered and was composed of music, both vocal and instrumental, recitations and scripture reading, after which a delightful treat was given to the children. George E. Lones, superintendent of the school, deserves credit for the manner in which he planned, drilled and managed the elegant program.

Mrs. Ella Finch, of Sebring, is the guest of Mr. and Mrs. Chandler Moore, of Bell district, and with them attended the Christmas entertainment here.

Mr. and Mrs. John Barnes, of Elkton, were at the Christmas entertainment here.

Mrs. Gertrude Messinger and Mrs. Lucy Conkle and little son, Master Lawrence, left here Christmas day to spend the holidays in Chicago at Mrs. Conkle's home. Mrs. Conkle will remain this winter, while Mrs. Messinger will return after a ten days' visit.

Frank Conkle and family, of East Liverpool, spent Christmas at their country home near Bell school.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. A most every instance a severe cold may be avoided by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance; it is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

MOUNTAIN OF SALT FOUND IN THE WEST

Wheeling Veteran Tells of a Saline Deposit of Wonderful Richness.

MOST WONDERFUL REGION

The Secrets of Which Are Very Little Known to Americans—Traces of Prehistoric Peoples And Cities in the Colorado River Country.

Wheeling, December 28.—In a conversation between a reporter and Major J. V. L. Rodgers yesterday the somewhat unusual subject of salt was introduced and the major fell into a reminiscent mood and said:

"Talking about salt, I know a locality where there is a veritable mountain of salt, and it is salt—not the weak substitute of commerce to which we are accustomed. This natural deposit is on the Colorado river, about 300 miles above old Fort Yuma. In fact it must be pretty well up to the Utah line. It is found in the form of perfectly square blocks, about four by six inches in dimensions and so transparent that fine print can be read through a cake of it with ease. I had quite a number of these saline crystals in my possession, they having been obtained by my brother, who is the only man who ever took a steam boat up the Colorado through the Black canyon. He discovered the formation at a point where the rocky walls rose sheer 3,000 feet from the bed of the stream, and on his return trip he brought a large quantity of it back to civilization, and some specimens found their way into my hands. That trip was a notable one, and has, I believe, never been duplicated. At times the boat had to be warped up stream, lines being carried ahead, and either affixed to ring bolts drilled into the solid rock, or affixed to some chance loose rock in the stream, and then the steam captain was brought into requisition and a little ground would be thus gained. There is enough of salt in that valley at the point my brother reached to supply the civilized world for an indefinite period, but it is useless at present because it cannot be gotten at."

Continuing he said: "I was all through that southwestern country many years ago, being attached to a government topographical surveying party, and it was to me the most interesting land on the face of the earth. Why, we found in the desert remains of irrigating canals, say 15 or 20 feet wide and deep and 20 miles long, paved throughout with brick, and the grade laid down with mathematical precision, not to be exceeded by the best engineering talent of today. One of these canals I particularly remember led to a city, of course long ago in ruins, which must have been two miles square and had a large population. What became of the people or who they were is past all finding out, as far as I am informed, but exhaustive reports have been made upon this and similar ruins by agents of the Smithsonian Institute, and are to be found in the government publications of that valuable department. We also investigated the homes of the cliff dwellers, having at times to scale a mountain and let a man down by ropes, and then swing him back and forward until he got impetus enough to secure a landing in the old-time dwellings, there to find room after room, cut out of the solid rock. In some of these dwelling places of an extinct and forgotten people we found wheat and other grains which had probably laid there for thousands of years. There were also found copper tools, and many of the bricks proper had disappeared, but the glazed ends were still in perfect condition."

"It is a wonderful land, and yet many Americans will go to Europe in quest of scenery when we have it here to an extent and interest not to be duplicated on the other side of the water."

The major's talk was a most interesting one, but only an outline can be here reproduced. His visit to the country was before the days of railroads west of the Missouri, and he had the rather remarkable experience, among others, of traveling through the Salton desert of southern California in wagons, hauling their water with them, and likewise the necessary provisions, descending at one point over 200 feet below the level of the sea, with a temperature of 120 degrees by day and over 100 at midnight.

POLICE ON HEARSE

Funerals Conducted in Chicago

With Bluecoats on Funeral Car.

LIVERY DRIVERS DISCOURAGED

Fear Public Sentiment Is Against

Them and Ask Arbitration Board to

Settle Troubles With Liverymen—

Non-Unionists Are Given Work.

Chicago, Dec. 28.—More hearses are being used by the undertakers in conducting funerals than at any time since the livery drivers went on strike, but in every case policemen ride on the box with the driver.

In answer to the notification sent out by the liverymen's association declaring that the places of all the strikers would be filled at once unless the strikers applied for their old jobs, more than 100 men are said to have returned to work. Nearly every union man who asked to be taken back made the declaration that there was a general feeling among the strikers that the employers would win in the end and that public sentiment was against the men. The dissatisfaction of the drivers is most general among those men who were employed in the fashionable livery stables. These men made a great deal of money in tips and they are afraid that non-union men may take their places.

The employers say they will have no difficulty in securing men to fill the places of the strikers and that carriages for the use of the general public will be sent out this week. If these attempts are successful the employers claim that by the end of the week they will be able to take care of all business that is offered.

Norman Larson, said to be a union teamster, was arrested for interfering with a hearse which was returning from Rose Hill cemetery. Larson, with two companions, stopped the hearse and tried to unhitch the horses, but seeing policemen approaching, the three men ran away. The police captured Larson. The others escaped.

At a meeting last night of the members of the Livery Drivers' union it was decided to ask the Chicago board of arbitration to intercede in behalf of the union and endeavor to settle the trouble by arbitration.

AMERICANS WILL SERVE IN THE JAPANESE ARMY.

Denver, Col., Dec. 28.—In response to a request from the Japanese government Brigadier General John Chase, commander of the Colorado national guard, has selected three members of the guard and will select three more to receive commissions in the Japanese army. The men will receive \$2,000 each in addition to their officers' pay.

EAST END

NEW HALL OPENED

Sons of Temperance Give An Enjoyable Social and Oyster Supper.

Welcome Division, Sons of Temperance, opened their new hall on Mulberry street Saturday evening by giving a social and oyster supper. The event was well attended and all present enjoyed themselves. Welcome Division now number 77 of a list and are now entitled to books for their library to the number of 200, for the securing of 75 members.

Miss McCain, secretary of the division, has communicated the fact to Superintendent Rockwood, who is stationed at Philadelphia, and it will not be long until the new books will be a fixture of the bright reading room. Many of the members will be present at the watch night services at Wells Division hall.

Wrestler's Nose Broken.

Thomas Cross, a young man of Chaffinville, and Charles McCrea engaged in a friendly wrestling match at the rooms of the East End club Saturday night, which resulted in Cross being thrown violently to the floor, receiving bad injuries to his face. His nose was broken in the fall and his face badly discolored.

Revival Services.

G. W. Menough, of Pleasant Heights, will be in charge of the revival services that will commence in the Dixonville school room tonight. The meetings will undoubtedly meet with success, as the members of the Christian union denominations in that vicinity are excellent church workers.

Much Work Ahead.

Low Howard and his street force are not doing very much in the way of improvements in that department at present, but a lot of work is outlined as soon as there is a moderation in the weather. Many new sidewalks will be the first order of work.

Annual Meeting.

A business meeting of the board of the Federal Building & Loan company will be held in the offices of the company this evening. General routine business will be transacted and also an election for three new directors for the ensuing year will be held.

Robbed His Hen Coop.

A CONTENTED EDITOR

He Likes Winter for Various Reasons Which He Carefully Explains.

We are not bothered with the flies, we don't have to push the lawn mower. There are no weeds to be pulled from the onion bed. We don't have to put paris green on the potatoes, we put butter or "sop" instead. The screen doors and windows do not need our attention. We do not need to carry an umbrella for fear of sunstroke. We can let our hair grow without attracting undue attention. We can go to bed and not be awakened three hours later by the robins warbling at our open window. We can get plenty of hog's heads and back bones, and our neighbors don't make a kick about the unpleasant odor arising from our back yard.

We can read about California and Florida without much danger of getting the "yellow fever." We have learned to be content with what we get, just as long as we can get "a middlin' of side meat" and enough clothes to protect us against this ever changing climate, and an occasional twist of dog-leg terbacker an' a little ol' rye."—Harrison County Democrat.

PARK

Park, December 28.—A Christmas entertainment was given at the M. E. church on Christmas evening by the Sunday school. The program was well rendered and was composed of music, both vocal and instrumental, recitations and scripture reading, after which a delightful treat was given to the children. George E. Lones, superintendent of the school, deserves credit for the manner in which he planned, drilled and managed the elegant program.

Mrs. Ella Finch, of Sebring, is the guest of Mr. and Mrs. Chandler Moore, of Bell district, and with them attended the Christmas entertainment here.

Mr. and Mrs. John Barnes of Elkton, were at the Christmas entertainment here.

Mrs. Gertrude Messinger and Mrs. Lucy Conkle and little son, Master Lawrence, left here Christmas day to spend the holidays in Chicago at Mrs. Conkle's home. Mrs. Conkle will remain this winter, while Mrs. Messinger will return after a ten days' visit.

Frank Conkle and family, of East Liverpool, spent Christmas at their country home near Bell school.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted, before it has become settled in the system. A most every instance a severe cold may be averted off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin H. Bulger.

HOLIDAY TRIPS.

Any Point on the Pennsylvania Lines May Be Visited at Low Fares.

The reduction in fares on the Pennsylvania Lines for Christmas and New Year holidays will cover all stations on those lines and no distance restrictions will be placed on excursion tickets. They may be obtained December 24, 25 and 26, 1903, and January 1, 1904. The new arrangement will permit trips to Chicago, Cleveland, Cincinnati, Columbus, Indianapolis, Louisville, St. Louis, Toledo, Pittsburgh, and to any other station on the Pennsylvania Lines in the states of Pennsylvania, Ohio, Indiana and Illinois.

OBITUARY

Mrs. Susanna Morse.

Mrs. Susannah Morse, aged 86

years, died at the home of her daugh-

ter, Mrs. E. M. Giles, of East Fourth

street Saturday evening at 7:30

o'clock from the results of injuries sus-

tained six weeks ago and the infirmi-

ties of age. Funeral services were

held at the home this morning. Rev.

Dr. Pratt officiating, after which the

body was shipped to Steubenville for

interment. Mrs. Morse sustained se-

rious injuries six weeks ago by falling

down a stairway and from that time

until her death she was not only

helpless but unconscious. No hope of

her recovery was entertained owing

to her advanced age. Mrs. Morse was

born in Wales, but had been a resi-

dent of this country for the past 58

years, most of which time has been

spent at Zanesville and Steubenville.

She has lived here with her daughter

for the past three years. Mrs. Morse

possessed a true Christian character

and a kindly disposition that won her

many friends. In early years she

was united with the Methodist church

and has been a consistent Christian. She

is survived by the following children:

Mrs. E. M. Giles, with whom she made

her home; Mrs. Mary Myers, of To-

ledo; Mrs. Anna Richards and R. C.

Williams, of Toledo. Mrs. John Sut-

cliffe and Miss Maude Giles, of this

city, are grandchildren.

Lydia A. Moore.

Little Lydia Ann Moore, the four-

year-old daughter of George Moore, a

railroad man, living at 21 Nevada

street, Wellsville, died this morning

at 7 o'clock. The cause of her death

was tonsillitis. She had been sick but

a few days and her death came very

suddenly. The body of the child will

be taken tomorrow to Warrenton, O.,

where the burial will take place.

Joseph Morgan.

Joseph, aged 17 months, the son of

Mr. and Mrs. Jennings Morgan, of Jeffer-

son street, died this morning after a

brief illness. The funeral services

will be held tomorrow afternoon at the

home and the interment will be made

in Riverview cemetery.

TWO STEAMBOATS

HAVE BEEN SOLD

A COMPANY BUYS UP THE BEN

HUR AND THE AVONDALE.

The Craft Will Be Put in the Trade

Between Pittsburgh And

Cincinnati.

During the past few days there has

been an important deal in steamboat

property which will make considerable

change in two of the boats which have

been running in the trade between

Wheeling and Parkersburg and Pitts-

burg and Parkersburg. A company

has been formed which has made a

deal for the steamer Ben Hur and the

Avalon, which it will put in the new

trade as soon as the river opens up

again.

The new company is composed of all

well known river men and has among

its members Captain Lanford Cramer,

who has been with the Avalon on the

Tennessee river for some months;

Harry Donnelly, Jesse Cramer, Cap-

tain Bera Cramer and Sam William-

son.

The Ben Hur, which has been owned

by Captain Fred Kemple, has been

turned over to the new company, and

is to be delivered in good condition as

soon as possible. The Ben Hur is

now in Pittsburgh, where she was taken

a couple of days ago, and will proba-

bly be put on the docks there. She

met with a mishap at East Liverpool

a few days ago when the ice went

out and was shoved up on the bank.

It is the intention of the new com-

pany to put the two boats in the trade

between Pittsburgh and Cincinnati.

The Avalon, which is the fastest of the

two boats, will be run from Parkersburg

to Pittsburgh, and the Ben Hur from

Marletta to Cincinnati. The latter will

come into direct competition with the

White Collar line into Cincinnati.

Captain Lanford Cramer, who has

been with the Avalon on the Tennes-

see river, will continue as captain of

that boat, and Captain Bert Cramer

will go with the Ben Hur as master.

Ed Dunn, who has been clerk of the

Ben since she was built, will go to

has been revived this season upon a
magnificent scale by a strong dram-
atic company headed by Miss Blanch
Cramer, who is making her first ap-
pearance in this country after an ab-
sence in Europe for four years. Miss
Cramer will introduce at each per-
formance as a special feature songs
from the late operas.

"A Homespun Heart" is a typical
Hal Reid play. It is chock full of
pathos, with a dash of comedy here
and there to relieve the strongly em-
otional scenes. In some respects the
play is not unlike "Human Hearts" by
the same author. A villainous old
miser and an adventures cause all
the trouble, but, of course, they are de-
feated in the end.

Charles Knopp is in advance of Wil-
liam Bonelli and Rose Stahl, who will
produce "A Man of the World" at the
Grand Thursday night. Mr.
Knopp arrived in town this morning
and reports a large business for his
attraction and says that the produc-
tion will be one of the handsomest
ever seen in this city.

AT THE THEATER

"The Great Lafayette" and his own big spectacular company is booked to appear at the Grand Wednesday night. This attraction should be greeted by a crowded house. This show is one of the most expensive on the road. There is fully \$25,000 invested in its costumes, scenery, draperies and properties, and about \$5,000 more invested in animals. This will be the banner attraction of the season and the management is to be congratulated on bringing such a high-class attraction to this city. A company of over half a hundred people, horses, ponies, a lion, dogs, a special car loaded to the roof with magnificent scenery, costly costumes, properties, etc.

"East Lynne," the sensational comedy drama which has appeared in all the large cities of the east and west with great success during the past ten years, will be seen at the Grand tonight. East Lynne tells a story that is absorbing from first act to last and

has been revived this season upon a magnificent scale by a strong dramatic company headed by Miss Blanch Cramer, who is making her first appearance in this country after an absence in Europe for four years. Miss Cramer will introduce at each performance as a special feature songs from the late operas.

Queen Quality

Sure to Suit

"Queen Quality" is an entirely different construction from the ordinary shoe. It gives free play to the ball of the foot, yet the foot cannot slip forward in the shoe, being firmly held at the "waist" or arch of the instep.

In appearance it is most artistic. It has more than style; it has distinction. It is made of an extra grade of light leather with great wearing qualities. Then to make the "Queen Quality" a very easy shoe, it has specially flexible soles. Yet all this does not increase its retail price. Try it once.

THE GRIP GERM DEVIL FISH

This ugly, ravaging bacillus sucks the heart out of the life cells, with his long tentacles, wrecking the constitution.

It was a great stroke of genius to find and photograph the Grip bacillus.

It was a greater stroke of good fortune for humanity to discover the antidote, the one thing in nature that is instant death to this virulent microbe, for the germ must be killed to cure.

This remedy is **Brazilian Balm**, a pleasant, constitutional balsam, which has proved a perfect germicide in Grip. It quickly subdues the fever, the inflammation in the head, throat and lungs, quiets the cough and takes the racking pains out of the chest, back and whole body.

For 20 years this marvelous remedy has been curing Grip, deep-seated colds, stubborn coughs, asthma, bronchitis, sore and ulcerated throat, the worst forms of Croup, Catarrh, etc., curing like magic where all other treatment had utterly failed.

Brazilian Balm is a perfect Antidote in the following germ diseases:

Grip—Cures in a few days and prevents pneumonia.
Pneumonia—Clears the lungs and cures in 8 to 10 days.
Typhoid Fever—Prevents, or cures at any stage.
Dyspepsia—Heals the raw and ulcerated stomach.
Catarrh, Asthma and Bronchitis.

And there are no sequelae, no tedious convalescence. They are soon as well as ever. Thousands of lives are sacrificed every year that might be saved with **Brazilian Balm**. It has never lost a case.

In old Grip **Brazilian Balm** rebuilds the shattered constitution, and restores the vigor of youth. 20 days treatment of **Toxicola Tablets** free with every \$1.00 bottle. This is the greatest Liver and Nerve Tonic known.

A 10c or 25c sample bottle cures a Cold, Croup or ordinary Cough like magic. But for Grip, Bronchitis, Asthma, Catarrh, etc., get the larger bottles, stick to it faithfully and we guarantee the fullest satisfaction.

The sales of **Brazilian Balm** have become enormous; one city of 60,000 population taking over \$30,000.00 worth in 10 years.

WELLSVILLE

RAILROAD OFFICERS

Are Now Considered Likely to Be Removed from Wellsville to Cleveland.

As things now are it begins to look more than ever as if Wellsville would lose the railroad offices. The recent report to this effect has been strengthened by the purchase of buildings near the Euclid avenue station in Cleveland which are said to be for office use. If the transfer is made it will probably be made soon. Railroad men here are expecting to receive orders of removal at any time. The offices likely to be moved are chief dispatcher, chief operator and maintenance of way.

The report at first was supposed to be an idle rumor and many were disposed to scoff at the idea, but it is now known that the officials have the matter under serious consideration.

BACKED THROUGH A WALL

Surprising Feat of an Engine at the Round House in Wellsville.

A peculiar accident happened Christmas night at the C. & P. round house in the West End. An engine backed through the brick walls of the house and badly damaged both the wall and the engine. The crew were on the engine at the time, but escaped with but slight injury.

The crash and falling brick created considerable excitement and for a time it was thought that there was a loss of life.

Dr. Robinson's Death.

The death of Dr. A. L. Robinson, which occurred at New Castle Friday, has occasioned widespread sorrow throughout the city. Dr. Robinson was a man who had made many friends by his kind and accommodating ways and his death came as a distinct shock to them. His funeral took place Sunday at his old home in New Castle, Pa. His office, which has been in charge of Dr. Fraser, will be closed. Dr. Fraser has turned his books over to the care of the Central Savings & Trust company until they can be claimed by his relatives.

Three Before the Mayor

Three men were in police court this morning. John Webber, from out of town, celebrated Christmas too hilariously and was judged for drunkenness. He arranged with Mayor Fogo for the payment of a \$5 fine. David Lynn, of Portland, came to town to purchase supplies. Al Burrows, of Wheeling, also came to town. Both got drunk and languished in prison over Sunday, when they were fined and released.

Many Dances Scheduled.

The ball room of the city hall will present a busy scene nearly every night this week. Several balls are scheduled. Tomorrow night the Friars' club will have charge of their ball. Wednesday night the Catholic hall will be held and on Thursday night Woods' orchestra is preparing for a benefit ball.

Colored People's Ball.

The city hall was the scene of a happy event Christmas night when the colored people of this section joined together for a big grand ball. Besides local people, friends were present from East Liverpool, Steubenville and Wheeling. A pleasant time is reported.

WELLSVILLE SHORT STORIES.

Harry McKenzie, of Cleveland, is a guest of Wellsville friends. Bertha Adams, of Commerce street, is visiting Cleveland friends. Mrs. E. A. Ebrick, of Center street, is in brilliant visiting friends. A girl baby was born Christmas day to Mr. and Mrs. George Cunningham, of Eleventh street.

George McConnell, of Florence, Pa., is a guest of his brother, Dr. McConnell, of Main street.

Miss Elsie Neal, of Dillonvale, is visiting her sister, Mrs. E. J. Patterson, of Liverpool street.

Mr. Edward Adams, of Cleveland, is visiting his parents, Mr. and Mrs. J. L. Adams, of Commerce street.

Paul Ache, of Pittsburgh, has returned home after a week's visit to his aunt, Miss Margaret Smith, of Main street.

The six-day-old infant of Mr. and Mrs. J. W. Newton, of Yellow Creek township, died Sunday, of heart failure. It was buried today.

The regular meeting of the board of public health will take place tomorrow night in the mayor's office. It is probable that important business will be transacted at the meeting.

Mrs. J. L. Crumrine, of Main street, entertained the Whist club Saturday afternoon. Besides the program of cards a three course dinner was served. About 16 ladies were present.

DEATH OF JOHN K. DUKE

RAISES LEGAL PROBLEM

Columbus, O., Dec. 28.—The suicide of John K. Duke, defaulting cashier of a Portsmouth (O.) building and loan association, has raised an interesting legal question as to who will pay the costs in the criminal action against Duke. After being convicted Duke, while on bond, committed suicide. Attorney General Shurtz does not think the state has to pay the costs, as Duke was not delivered at the penitentiary.

CHILDREN PLAY BURGLAR.

ONE'S EYE BEING SHOT OUT.

Zanesville, O., Dec. 28.—Edith the little daughter of William Worley, with the children of J. W. Morgan, was playing "burgle" at the little Worley girl and pulled the trigger. The bullet entered her right eye, destroying the sight. They didn't know the rifle was loaded.

SOCIAL EVENTS

A Happy Surprise.

Mrs. Elizabeth Deitz was the recipient of a handsome gift attended by a happy surprise on Christmas morning. The members of her Sunday school class called at her home on Christmas and presented her with a handsome bible. Mrs. Deitz's class is one of the interesting bible classes of the M. P. Sunday school, and this remembrance with the hearty good wishes of the entire class were expressive of the class towards their teacher.

Carroll Club Banquet.

The Carroll club has made arrangements for an elaborate banquet which it will tender to 150 or more of its members and friends on Tuesday evening. The banquet will be given in the Carroll club rooms in the Stevenson building. A very fine program of toasts and music has been prepared and a most enjoyable time is anticipated.

DEDICATORY SERVICES WELL ATTENDED

Over \$1,000 Pledged to Help the Second Christian Church Forward.

Dr. Cramblet Preached.

A large congregation was present at the dedicatory exercises of the Second Christian church in the East End Sunday morning. President T. E. Cramblet, of Bethany college, preached the dedicatory sermon, an eloquent and hearty one. President Cramblet was in charge of all three of the meetings, which were held at 11 a. m., 2:30 p. m. and 7:30 p. m.

The officers of the church were highly gratified at the generosity of the congregation toward subscribing for the amount of \$900 that was asked. Along with the necessary sum pledges were made that brought the sum to \$1,050.

Rev. Charles W. Huffer, of Sebring, former pastor of the Christian church of East Liverpool, Rev. G. H. Culbertson, of Chester, and Rev. J. W. Gorrell, of this city, were in attendance and did much to add to the interest of the day. Rev. J. W. Pittman is the

regular pastor of the church and will confine all of his attention to the welfare of the increasing church membership. President Cramblet left for home this morning.

From a Society Woman's Diary.

My milliner gave me a shock today. "When," said she, "does your ladyship intend paying me what you owe me?"

The ungovernable curiosity of low-born women! It made me blush for my sex.

I was not unkind to her. But I deemed it my duty to chide her, and when she spoke (rather reluctantly, I thought) of starving I recommended her to cultivate poise.—Life.

Mme. Roland's Request.

When Mme. Roland was on the scaffold she asked for pen and paper to note the peculiar thoughts that hovered about her on the last journey. It is a pity they were refused, for in a tranquil mind thoughts rise up at the close of life hitherto unthinkable, like blessed inward voices alighting in glory on the summits of the past.—Goethe.

How Wells Clock Strikes.
The great clock of Wells cathedral in England was built in 1322 for Glastonbury abbey and ran 250 years before it was removed to Wells.

The striking mechanism of the clock is very curious and elaborate. Above the dial is a little battlemented turret, with four knights on horseback, armed with lances, standing guard round it. At some distance from the clock itself, near the end of the transept, is a life size painted figure, quaintly ugly, with a battleax in its hand, while outside the cathedral is a second large dial, guarded by two tall figures of knights in armor.

When the gilt stars point to the hour, the painted figure (Jack Blandivir, as he is called by the country people about Wells, no one knows why) strikes the quarters by striking his heels against two bells behind him and then tells the great bell of the clock by striking it with his battleax. The two standing knights in armor strike the outside bell with their halberds, and at the first stroke of the great bell the four knights on horseback over the inside dial start at a gallop and rush round and round the turret in a mimic tournament, in which one knight is thrown from his horse and regains his seat in every revolution.

REALM OF SPORTS

FIRST GAMES WITH AN OHIO TEAM

MANAGER GALLIMORE TRIES AN EXPERIMENT.

Something of Teams Title to State Championship to Be Determined from the Games.

For the first time this season Manager Frank Gallimore has gone away from western Pennsylvania for an opponent for the East Liverpool basketball five, and the experiment will be watched with a great deal of interest, as through the courtesy of the sporting writers of the Smoky City the locals have been accorded the title of champions of Ohio. The locals might have claimed this title last season, as they defeated several of the fastest teams in the state, but so far this year no representative team has been played.

The Franklin Athletic club of Cleveland, which is to appear here tomorrow and Wednesday, is said to be the fastest five in the Forest City, and something of the locals' chance for the premiership can be determined from the games. Last season the Franklin suffered but two defeats.

For these games the locals will be in the best of condition. Allison, who has been out of the game on account of illness, will be in the game as one of the forwards, adding considerably to the team's strength. The games will be called at 8:30 o'clock, but previous to the big contests preliminaries will be played between junior teams.

The lineups will be as follows:
East Liverpool—Allison and Bloor, forwards; Rigby or Powell, center; Watkins and Chadwick, guards.
Franklin—G. Parrott and M. Paige, forwards; Pasquet, center; Long and W. Parrott, guards.

BASEBALL FOR CUBA

Team Made Up of Crack League Players is to Invade the Island.

For the next six weeks the baseball fans in Cuba will be served with a quality of game not usually put up by the local sides.

A team comprising some crack league players sailed from New York on the Ward line steamship Havana, under the management of H. Ramsay.

For the next month and a half they will meet the best Cuban nines. As baseball is quite popular in the island the players are confident that the trip will be financially profitable.

The players who sailed are Pitchers George Merritt and Edward Pounds, members of the Pittsburgh National league and Cleveland American league respectively; Edward Shortell, second base last year of the Schenectady team of the New York State league; William Smink, right field; Schultz, of Rochester, pitcher; Gilbert, of the New York National league club, short stop; Tansett, of Indianapolis, third

base; Duffy, of Birmingham, Ala., left field; DeGrass, of Rochester, center field; Beckendorf, of Kingston, catcher; Mitchell, of Syracuse, first base.

To Coach Yale Ball Team.
"Red" Donahue, a member of the pitching corps of the Cleveland base ball team, has been re-engaged to coach the Yale ball team. Donahue will take charge of the squad about March 1. He will give most of his attention to the pitching and general battery work and will be assisted by several graduate coaches. Donahue coached the Yale squad last season and his work was highly satisfactory. He will not be taken south with the rest of the team, but will get into shape while coaching the Sons of old Eli.

SPORTING MISCELLANY.

Central league magnates have promised solemnly that they will live up to a \$1,200 salary limit.

The Boston Nationals are crying for a good shortstop. There are others who might use a first-class man.

Tom Fisher, who has been secured by the Boston Nationals for next season, led the Southern league pitchers with an average of .686 in 35 games.

Joe Corbett declares that he does not like Lase bail and that he is in the game only for the money there is in it. That declaration decreases his value as a player.

First Baseman Blery, a Canton amateur ball player, has signed to play first base with Indianapolis. Pitcher Elman and Third Baseman Maag have signed with the Little Rock team.

George Dixon, who has been fighting in old-time form in England lately, says that when he returns to this country he will be ready to defend the title of featherweight champion against all comers.

Jimmy Limric, the Southpaw twirler of the East Akron team, who made such a record last season, is to be given a trial in fast company. Manager Stallings, of the Buffalo team, in the Eastern league, has sent him a contract, and Limric will sign it at once.

CHANGES IN TEACHERS COME FREQUENTLY

Pleasant Heights School Troubles. Citizens Want a Man as Instructor.

For perhaps the dozenth time during the present winter a change in teachers will be made at the Pleasant Heights school when sessions are resumed after the holidays.

Residents of that part of the city claim they have been badly treated by the board of education ever since a school was established there several years ago. The building is probably a mile from any other school under the jurisdiction of the local board, making it undesirable for a lady teacher, they say, for many reasons. One of the patrons of the school said yesterday:

"We have in the neighborhood of 50 pupils of school age in our neighborhood, and since our contributions to the school funds are as large proportionately as those of men in other parts of the city, we believe we are entitled to as much consideration. To begin with, the Pleasant Heights school, on account of its isolated location, ought to have a man teacher. No lady instructor could make a success of the school. During the present term there has been little if any discipline among the pupils. This has not been because of any shortcomings on the part of the lady teachers, either. They simply could not control the larger scholars. In one instance, under the regime of Miss Martha Thomas, a pupil was reprimanded for violating a rule, and when the teacher attempted to punish him he left the room by means of an open window and refused to return. This was done repeatedly, and other breaches of discipline are equally common.

"A man teacher was employed for a portion of one term, and more actual progress was made and a better feeling prevailed than at any time before or since. I have not heard what the school authorities propose to do in the matter of the present vacancy, but they will make a grievous mistake if they fail to engage a man for the work. We had the promise of a male teacher at the beginning of the present term, and I believe one was engaged, but was removed before he even accomplished a thorough organization. Within the first four weeks of the term the school was presided over by at least that number of different teachers, and anyone familiar with educational matters will admit nothing can be accomplished under such conditions."

WAR FEVER CHECKED

Czar Said to Have Commanded More Deferential Tone Toward Japan.

RUSSIAN ATTITUDE CHANGED

From Aggressive Belligerence It Has Become More Courteous and Reasonable—Emperor Nicholas Credited With Restraining the War Party.

Pekin, Dec. 28.—A more conciliatory attitude has been recently displayed by Russia toward Japan. Her representatives preserve a friendly tone and it is believed that the designs of the Russian war party have been checked by the czar himself, who has found means to exert his authority just in time to prevent the outbreak of a conflict much desired by a certain powerful faction at St. Petersburg. It is probable that M. Witte's timely restoration to favor has had something to do with the modification of Russia's former belligerent attitude. The most recent manifestation of this change is the sending of 15,000 troops by Japan to Korea for "police purposes" with Russia's full approval.

The Japanese war party is said to be growing in strength and is bringing all its influence to bear upon the government.

The Chinese board of war has ordered the viceroys to furnish full information as to the numbers of foreign troops available for active service. The viceroys of three of the central provinces in response have reported that 90,000 such troops are in readiness. This unquestionably is a remarkable exaggeration, as the great majority of the foreign trained troops exist only on paper.

The dowager empress has issued an edict, at the request of Prince Ching, appointing several unknown and probably inexperienced officials as heads of army departments. One such has been appointed director of training, another has been given command of the department of instruction, while a third has been put in charge of the department which has to do with the supply of ammunition. Influential officials continue in their determination to keep China neutral if possible in the event of war.

London, Dec. 28.—Japan is negotiating for the purchase of two Chinese warships, the armored cruiser Esmeralda and another, probably the battleship Captain Prat, which are for sale. It is now only a matter of price. Negotiations with other South American governments for the purchase of warships are also in progress.

Baron Hayashi, the Japanese minister to Great Britain, said relative to these negotiations: "We want more ships. Of course this is only a precautionary measure and it may be a lot of expense all for nothing."

LAKE TUGS ICE BOUND.

Lives of Dozen Men in Jeopardy Off Cleveland Harbor.

Cleveland, Dec. 28.—Two large tugs are stuck in the ice a mile and a half from shore in Lake Erie and a third tug has started out to their relief, with little prospect of reaching the other two.

The dilemma of the boats is the result of one trying to assist the other. The first went with provisions to the men at the water cribs several miles out in the lake. A high wind blew a large ice floe into the passageway of the first tug and in trying to assist it the second tug was caught and hoisted signals of distress. About a dozen men are aboard the two boats. There is a high wind and the thermometer is close to zero.

MULLAH TRIES STRATEGY.

Hard Pressed, the Dervish Leader Maneuvers for Time.

Rome, Dec. 28.—News has been received here that Captain Bisio, commander of the Italian squadron in Somaliland, arrived at Obbia on the flagship Cristoforo Colombo, from which point he sent emissaries to the interior, having been given to understand that the Mullah was disposed to treat with Great Britain through the Italians.

The Mullah is believed to be in an almost desperate condition owing to the lack of a good base of supplies. There is no belief in the good faith of the Mullah, as it is thought his alleged disposition to treat with Great Britain through the Italian officers is merely stratagem to gain time while waiting for supplies.

SHAWMUT AND NORTHERN OPENS ANOTHER SECTION.

Olean, N. Y., Dec. 28.—The last link of the Pittsburgh, Shawmut and Northern railroad between Engle and Bolivar, in Allegheny county, N. Y., has been completed and regular trains began running over the line today. The Shawmut has connection with the Erie and with the Lackawanna, giving it access to the coal fields in Elk, Jefferson and Clearfield counties.

Prisoner Hangs Himself in Cell.

HELEN HAS THE FURS.

Young Man Admits Forging Notes to Buy Christmas Gift.

Findlay, O., Dec. 28.—"I promised my girl a set of furs and a shirt waist for Christmas and I had to have the money," said Harvey Macklin, charged with forgery.

"I was out of a job and broke," he continued. "Christmas came and Helen got her presents. I suppose mine'll be a sojourn in Columbus, but I don't care. I kept my promise." Macklin is a young man of excellent family. He does not deny that he forged the name of Thomas C. Kelley, a wealthy oil man, to two checks for \$23 and \$27.50.

BABE TRAVELS 100 MILES WITHOUT RAILWAY TICKET.

Parkersburg, W. Va., Dec. 28.—Myron Palm, 4 years old, wandered away from home and found himself at the Baltimore and Ohio station when a train pulled in. He got aboard and made friends with all the passengers. The train had reached Sistersville, 50 miles away, when it was found that he was alone. The conductor put him on a returning train and the babe was restored to his parents after a hundred-mile ride on the "choo-choo cars."

FRENCH OFFICERS FIGHT ABOUT THE DREYFUS CASE.

Paris, Dec. 28.—A duel with swords was fought between Captain Levy of the Fifth regiment of engineers and Henry De Molroy, a leading anti-Semite. Captain Levy was wounded in the arm. The traditional results of French duels were not followed in this case, for the opponents remain unconciliated. The duel was the outcome of an altercation over the Dreyfus case.

REALM OF SPORTS

FIRST GAMES WITH AN OHIO TEAM

MANAGER GALLIMORE TRIES AN EXPERIMENT.

Something of Teams Title to State Championship to Be Determined from the Games.

For the first time this season Manager Frank Gallimore has gone away from western Pennsylvania for an opponent for the East Liverpool basketball five, and the experiment will be watched with a great deal of interest, as through the courtesy of the sporting writers of the Smoky City, the locals have been accorded the title of champions of Ohio. The locals might have claimed this title last season, as they defeated several of the fastest teams in the state, but so far this year no representative team has been played.

The Franklin Athletic club of Cleveland, which is to appear here tomorrow and Wednesday, is said to be the fastest five in the Forest City, and something of the locals' chance for the premiership can be determined from the games. Last season the Franklins suffered but two defeats.

For these games the locals will be in the best of condition. Allison, who has been out of the game on account of illness, will be in the game as one of the forwards, adding considerably to the team's strength. The games will be called at 8:30 o'clock, but previous to the big contests preliminaries will be played between junior teams. The lineups will be as follows:

East Liverpool—Allison and Bloor, forwards; Rigby or Powell, center; Watkins and Chadwick, guards.

Franklin—G. Parrott and M. Paige, forwards; Pascher, center; Long and W. Parrott, guards.

BASEBALL FOR CUBA

Team Made Up of Crack League Players is to invade the Island.

For the next six weeks the baseball fans in Cuba will be served with a quality of game not usually put up by the local nine.

A team comprising some crack league players sailed from New York on the Ward line steamship Havana, under the management of H. Ramsay.

For the next month and a half they will meet the best Cuban nine. As baseball is quite popular in the island the players are confident that the trip will be financially profitable.

The players who sailed are Pitchers George Merritt and Edward Pounds, members of the Pittsburgh National league and Cleveland American league respectively; Edward Shortell, second base last year of the Schenectady team of the New York State league; William Smink, right field; Schultz, of Rochester, pitcher; Gilbert, of the New York National league club, short stop; Tansett, of Indianapolis, third base.

base; Duffy, of Birmingham, Ala., left field; DeGrass, of Rochester, center field; Beckendorf, of Kingston, catcher; Mitchell, of Syracuse, first base.

To Coach Yale Ball Team.

"Red" Donahue, a member of the pitching corps of the Cleveland base ball team, has been re-engaged to coach the Yale ball team. Donahue will take charge of the squad about March 1. He will give most of his attention to the pitching and general battery work and will be assisted by several graduate coaches. Donahue coached the Yale squad last season and his work was highly satisfactory. He will not be taken south with the rest of the team, but will get into shape while coaching the Sons of old Eli.

SPORTING MISCELLANY.

Central league magnates have promised solemnly that they will live up to a \$1,200 salary limit.

The Boston Nationals are crying for a good shortstop. There are others who might use a first-class man.

Tom Fisher, who has been secured by the Boston Nationals for next season, led the Southern league pitchers with an average of .686 in 35 games.

Joe Corbett declares that he does not like Lase ball and that he is in the game only for the money there is in it. That declaration decreases his value as a player.

First Baseman Biery, a Canton amateur ball player, has signed to play first base with Indianapolis. Pitcher Elman and Third Baseman Maag have signed with the Little Rock team.

George Dixon, who has been fighting in old-time form in England lately, says that when he returns to this country he will be ready to defend the title of featherweight champion against all comers.

Jimmy Limric, the Southpaw twirler of the East Akron team, who made such a record last season, is to be given a trial in fast company. Manager Stallings, of the Buffalo team, in the Eastern league, has sent him a contract, and Limric will sign it at once.

CHANGES IN TEACHERS COME FREQUENTLY

Pleasant Heights School Troubles. Citizens Want a Man as Instructor.

For perhaps the dozenth time during the present winter a change in teachers will be made at the Pleasant Heights school when sessions are resumed after the holidays.

Residents of that part of the city claim they have been badly treated by the board of education ever since a school was established there several years ago. The building is probably a mile from any other school under the jurisdiction of the local board, making it undesirable for a lady teacher, they say, for many reasons. One of the patrons of the school said yesterday:

"We have in the neighborhood of 50 pupils of school age in our neighborhood, and since our contributions to the school funds are as large proportionately as those of men in other parts of the city, we believe we are entitled to as much consideration. To begin with, the Pleasant Heights school, on account of its isolated location, ought to have a man teacher. No lady instructor could make a success of the school. During the present term there has been little if any discipline among the pupils. This has not been because of any shortcomings on the part of the lady teachers, either. They simply could not control the larger scholars. In one instance, under the regime of Miss Martha Thomas, a pupil was reprimanded for violating a rule, and when the teacher attempted to punish him he left the room by means of an open window and refused to return. This was done repeatedly, and other breaches of discipline are equally common.

"A man teacher was employed for a portion of one term, and more actual progress was made and a better feeling prevailed than at any time before or since. I have not heard what the school authorities propose to do in the matter of the present vacancy, but they will make a grievous mistake if they fail to engage a man for the work. We had the promise of a male teacher at the beginning of the present term, and I believe one was engaged, but was removed before he even accomplished a thorough organization. Within the first four weeks of the term the school was presided over by at least that number of different teachers, and anyone familiar with educational matters will admit nothing can be accomplished under such conditions."

WAR FEVER CHECKED

Czar Said to Have Commanded More Deferential Tone Toward Japan.

RUSSIAN ATTITUDE CHANGED

From Aggressive Belligerence It Has Become More Courteous and Reasonable—Emperor Nicholas Credited With Restraining the War Party.

Peking, Dec. 28.—A more conciliatory attitude has been recently displayed by Russia toward Japan. Her representatives preserve a friendly tone and it is believed that the designs of the Russian war party have been checked by the czar himself, who has found means to exert his authority just in time to prevent the outbreak of a conflict much desired by a certain powerful faction at St. Petersburg. It is probable that M. Witte's timely restoration to favor has had something to do with the modification of Russia's former belligerent attitude. The most recent manifestation of this change is the sending of 15,000 troops by Japan to Korea for "police purposes" with Russia's full approval. The Japanese war party is said to be growing in strength and is bringing all its influence to bear upon the government.

The Chinese board of war has ordered the viceroys to furnish full information as to the numbers of foreign troops available for active service. The viceroys of three of the central provinces in response have reported that 90,000 such troops are in readiness. This unquestionably is a remarkable exaggeration, as the great majority of the foreign trained troops exist only on paper.

The dowager empress has issued an edict, at the request of Prince Ching, appointing several unknown and probably inexperienced officials as heads of army departments. One such has been appointed director of training, another has been given command of the department of instruction, while a third has been put in charge of the supply of ammunition. Influential officials continue in their determination to keep China neutral if possible in the event of war.

London, Dec. 28.—Japan is negotiating for the purchase of two Chilean warships, the armored cruiser Esmeralda and another, probably the battleship Captain Prat, which are for sale. It is now only a matter of price. Negotiations with other South American governments for the purchase of warships are also in progress.

Baron Hayashi, the Japanese minister to Great Britain, said relative to these negotiations: "We want more ships. Of course this is only a precautionary measure and it may be a lot of expense all for nothing."

LAKE TUGS ICE BOUND.

Lives of Dozen Men in Jeopardy Off Cleveland Harbor.

Cleveland, Dec. 28.—Two large tugs are stuck in the ice a mile and a half from shore in Lake Erie and a third tug has started out to their relief, with little prospect of reaching the other two.

The dilemma of the boats is the result of one trying to assist the other. The first went with provisions to the men at the water cribs several miles out in the lake. A high wind blew a large ice floe into the passageway of the first tug and in trying to assist it the second tug was caught and hoisted signals of distress. About a dozen men are aboard the two boats. There is a high wind and the thermometer is close to zero.

MULLAH TRIES STRATEGY.

Hard Pressed, the Dervish Leader Maneuvers for Time.

Rome, Dec. 28.—News has been received here that Captain Bisio, commander of the Italian squadron in Somalia, arrived at Obbia on the flagship Cristoforo Colombo, from which point he sent emissaries to the interior, having been given to understand that the Mullah was disposed to treat with Great Britain through the Italians.

The Mullah is believed to be in an almost desperate condition owing to the lack of a good base of supplies. There is no belief in the good faith of the Mullah, as it is thought his alleged disposition to treat with Great Britain through the Italian officers is merely stratagem to gain time while waiting for supplies.

SHAWMUT AND NORTHERN OPENS ANOTHER SECTION.

Olean, N. Y., Dec. 28.—The last link of the Pittsburgh, Shawmut and Northern railroad between Englica and Bolivar, in Allegheny county, N. Y., has been completed and regular trains began running over the line today. The Shawmut has connection with the Erie and with the Lackawanna, giving it access to the coal fields in Elk, Jefferson and Clearfield counties.

Prisoner Hangs Himself in Cell. New Philadelphia, O., Dec. 28.—Charles Made, who was arrested after a pistol battle with the authorities and a posse between here and Canal Dover on Oct. 22, committed suicide by hanging himself in his cell. Made was suspected of a number of burglaries.

HELEN HAS THE FURS.

Young Man Admits Forging Notes to Buy Christmas Gift.

Findlay, O., Dec. 28.—"I promised my girl a set of furs and a shirt waist for Christmas and I had to have the money," said Harvey Macklin, charged with forgery.

"I was out of a job and broke," he continued. "Christmas came and Helen got her presents. I suppose mine'll be a sojourn in Columbus, but I don't care. I kept my promise." Macklin is a young man of excellent family. He does not deny that he forged the name of Thomas C. Kelley, a wealthy oil man, to two checks for \$23 and \$27.50.

BABE TRAVELS 100 MILES WITHOUT RAILWAY TICKET.

Parkersburg, W. Va., Dec. 28.—Myron Palm, 4 years old, wandered away from home and found himself at the Baltimore and Ohio station when a train pulled in. He got aboard and made friends with all the passengers. The train had reached Sistersville, 50 miles away, when it was found that he was alone. The conductor put him on a returning train and the babe was restored to his parents after a hundred-mile ride on the "choo-choo cars."

FRENCH OFFICERS FIGHT ABOUT THE DREYFUS CASE.

Paris, Dec. 28.—A duel with swords was fought between Captain Levy of the Fifth regiment of engineers and Henry De Molroy, a leading anti-Semite. Captain Levy was wounded in the arm. The traditional results of French duels were not followed in this case, for the opponents remain unreconciled. The duel was the outcome of an altercation over the Dreyfus case.

Republican Convention in May.

Springfield, O., Dec. 28.—The Republican state central committee has decided that the next state convention will be held about the middle of May.

What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted for sale by Alvin H. Bolger.

Deafness Cannot Be Cured

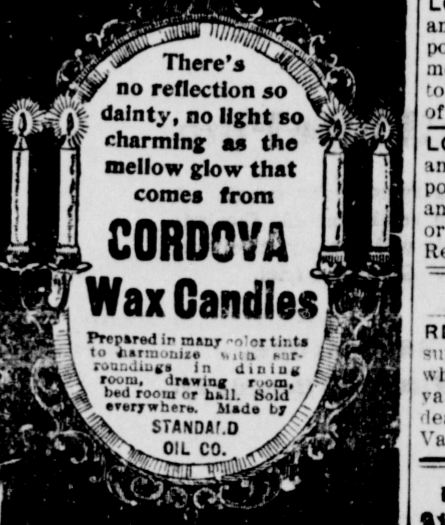

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which cannot be cured by local applications. Brazilian Balm is magic for Coughs, Colds, Sore Throat, 10c, 65 cents 25c.

CANCEROUS ULCERS ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly and often a very insignificant scratch or bruise becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long are large eating ulcers.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean, they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it, and medical advice or any information you may desire will be given by our physicians without charge.

CANCEROUS ULCERS ROOTED IN THE BLOOD.

After the age of 45 or 50, when the vital powers are naturally weaker, it is noticed that a hurt of any kind heals slowly and often a very insignificant scratch or bruise becomes a bad ulcer or sore. At this time of life warty growths, moles and pimples that have been on the body almost from birth begin to inflame and fester, and before very long are large eating ulcers.

Whenever a sore or ulcer is slow in healing then you may be sure something is radically wrong with your blood. Some old taint or poison that has been slumbering there for years, is beginning to assert itself, and breaks out and becomes a bad ulcer and perhaps the beginning of Cancer. These old sores are rooted in the blood, and while washes, soaps, salves, etc., keep the surface clean, they are not healing. A blood medicine to purify and strengthen the polluted blood and a tonic to build up the general system is what is needed, and S. S. S. is just such a remedy. No poison is so powerful and no germ so deadly that this great vegetable blood remedy cannot reach it, and ulcers of every kind quickly yield to its wonderful curative properties. If you have an old sore or ulcer, write us all about it, and medical advice or any information you may desire will be given by our physicians without charge.

WIND'S FREAK LURES TRAIN TO ITS DOOM

Twenty - Two Persons Killed
Because Signal Lamp Is

PERE MARQUETTE HORROR RIVALS THAT AT DAWSON

Engineer Sees No Red Light and
Drives Ahead — Operator Finds
When Too Late That Wind Had
Blown It Out—Notifies Dispatcher,
Who Is Powerless to Avert Fright-
ful Disaster That Follows.

Grand Rapids, Mich., Dec. 28.—The death list from the head-on collision between two Pere Marquette railroad trains near East Paris stands at 22, with 29 persons injured, several of them probably fatally.

It was the most disastrous wreck in the history of the Pere Marquette system, and instead of being caused by man's carelessness or mistake, is charged to the high wind which extinguished the red signal light in the order board at McCord's station, where the westbound train was expected to stop and receive orders. Two minutes before the train rushed by McCord's the light was burning, says the operator there, but in that brief interval the blizzard that was raging extinguished it and train No. 5 flashed by the station to crash into eastbound train No. 6 near East Paris. The trains, which were two of the finest on the system, were reduced to a promiscuous pile of broken and twisted timbers and metal, with killed and injured pinned down and crushed by the fragments of the heavy cars. Five cars and two locomotives were jammed into a space ordinarily occupied by three coaches and the wreckage was strewn across the railroad right of way from fence to fence.

CHRISTMAS MURDER OUT.

Babe Lay Two Days Beside Dead Mother Before Rescued.

Salt Lake City, Dec. 28.—Frank Rose, a barber, has surrendered at police headquarters. He said he killed his wife Christmas afternoon and the body was still lying in the bedroom where the woman had died after lingering two hours with a pistol bullet in her brain.

The police found lying on a bed in a miserably furnished shack the body of Mrs. Rose, and by her side was the woman's 2-year-old son, its clothes being saturated with its mother's blood. For two days the child had been locked in the cold room with its murdered mother. The child is in a serious condition but will probably recover.

STEAMSHIP BLOWN UP.

Cargo of Nitrate of Soda Sinks Her Near Porto Rico.

San Juan, Porto Rico, Dec. 28.—The British steamer Lady Joyce, Captain Smith, bound from Chilean ports to Savannah, Ga., Wilmington, N. C., and New York with a cargo of nitrate of soda, took fire and sank 75 miles south of Porto Rico. The cargo exploded and the vessel went down within two and a half hours.

Captain Smith with his crew and one passenger arrived at Ponce in two small boats, completely exhausted and almost naked, having made their way through terrible seas. There were no fatalities and the only serious injury was suffered by one sailor, who had his leg broken and who is now in the hospital.

Fatal Shooting in Tennessee.

Dyersburg, Tenn., Dec. 28.—In a shooting scrape at Lane, in this county, Constable Alfus King killed a man named Klymer, seriously wounded Frank Wright and slightly injured Magistrate John Street. The shooting grew out of a trial before Magistrate Street.

Kodol Dyspepsia Cure rebuilds worn-out tissues, purifies, strengthens and sweetens the stomach. Gov. G. W. Atkinson, of W. Va., says: "I have used a number of bottles of Kodol Dyspepsia Cure and have found it to be a very effective and, indeed, a powerful remedy for stomach ailments. I recommend it to my friends." Sold by Alvin H. Bulger (only).

Kratz Must Stand Trial.

Washington, Dec. 28.—The state department has received a telegram from Mr. McCreary, United States charge at Mexico City, stating that the Mexican government has granted the extradition of Charles Kratz, wanted in St. Louis for alleged connection with the franchise scandals in that city.

The Work of Succor.

The westbound flyer, with its heavy bulkheaded cars, staid on the rails, back of the baggage and mail cars, and the passengers in this train escaped serious injury. As one man they rushed out of the train to assist the less fortunate ones on the train from this city. Many stripped warm overcoats from their backs and covered the suffering injured as they were borne to the less shattered cars of No. 5 and into the remains of the

parlor car of No. 6. Nearby farmers, hearing the crash, turned out with blankets and did valiant service.

The westbound train was traveling down grade 60 miles an hour. The eastbound train was climbing the hill at 40 miles an hour. They collided at about the middle of a long, sweeping curve, three-quarters of a mile west of East Paris. On the inner side of the curve is a high embankment, preventing a view of the track ahead.

When the engines met one turned completely over and lay with its nose in a direction opposite to that in which it had been traveling. The other climbed the wreckage of the first, its boiler, torn from its trucks, standing erect in the center of the debris.

Tragic Death of a Child.

In the cafe coach of the ill-fated eastbound train, which was demolished as far back as the rear of the forward trucks, one of the most shocking of the many tragedies of the wreck was enacted. Section Foreman Linden J. Baldwin, wife and son had spent Christmas in Grand Rapids and were returning to their home at Mullen. Between the man and wife, sitting on the top of the car seat and playing with a bank received as a Christmas gift, was their little son. The crash came and all three met death. A beam flying through the air struck the child, beheading him. Mother and son were found together on the floor of the cafe car with the wrecking crew when they penetrated into the wreck.

The first relief train sent out from here brought in the injured and those of the dead who could be recovered without the aid of the wrecking outfit. The injured were rushed to the hospitals, where everything was in readiness for their reception. The second relief train, with the tool car and steam crane, was sent to the wreck as soon as the temporary hospital train had arrived here. Within 20 minutes the wrecking crew had taken out eight bodies, each one of them frozen stiff. These were brought here and sent to the morgue. Shortly before noon a third train from the wreck arrived with the last of the bodies, those of Engineer Stoddard and Fireman Burns, which had been found beneath the wreckage of the engines. Burns' body was burned into shapelessness.

General Superintendent Smith interviewed Operator Booth at McCord's and said:

"I have no reason to doubt the statement of Booth that his light was burning two minutes before No. 5 passed McCord's and that the wind extinguished it. He is an old operator and has been in the employ of the road several years."

EIGHT NEW CASES AT BUTLER.

Typhoid Epidemic Is Abating and Nurses Begin to Leave.

Butler, Dec. 28.—One death and eight new cases is the latest report on the typhoid epidemic. Lella Spence, aged 15 years, daughter of William Spence of Fairview avenue, is dead. This is the eighteenth death from typhoid fever or its complications. Willis McJunkin, a son of J. D. McJunkin; Miss Rose Adams, Christopher Stock and son Paul, Mrs. Johnson and a young daughter of Mathias Leibler are among those included in the new cases.

The new cases nearly keep pace with the convalescents and the number sick is almost as great as at the beginning of the month. The funerals of William Marks, Harry M. Starr, Jessie J. Atkins and Raymond Gronman were held.

A number of nurses whose patients have recovered from the fever and for whom there was no further work have returned to their homes. Probably 25 have left and the relief committee has not over 100 on its payroll.

Kittanning, Pa., Dec. 28.—Typhoid fever cases continue to increase in this place and one death has resulted from the disease, Miss Susan Bowser being the victim. An analysis of the river water has shown it to be polluted with fever germs.

ALLEGED THIEVES DECAMP.

Are Released on Bail at Washington, Pa., and Take to the Woods.

Washington, Pa., Dec. 28.—Mrs. Annie C. Gregg of Barnesville, O.; Mrs. Emma Miller of Bellaire, O., and Charles Goodman of Hartford, Conn., arrested for shoplifting, were released on bail furnished by Charles Jones of Pittsburgh, who deposited \$1,200 with the county authorities for the two women and demanded their release.

The district attorney refused to allow the women to go without the man, and a woman who said she was Mrs. Dan McGuire of Chicago arrived here

Pittsburgh detectives in Washington last week said that the Miller woman was Nellie Prince, wife of Joe Prince, who was killed recently while attempting to crack a safe in Chicago.

BURGULARS' BUSY NIGHT.

Two White Men Commit Several Crimes Near Philadelphia.

Philadelphia, Dec. 28.—Two white men, with revolvers, blew open a safe, held up several persons and otherwise caused considerable excitement in the suburban towns along the main line of the Pennsylvania railroad.

Two men were held up at Haverford and later a man escorting several ladies was stopped by the same men, but the screams of his companions scared the footpads off. Several hours later they appeared at Strafford, covered an aged watchman with revolvers and blindfolded him. The men then blew open the safe in the railroad station, which is also used as a post-office, and took about \$1,600 in money and stamps. The police have been unable to find any trace of them.

THREE MORE IDENTIFIED.

Three Victims of Dawson Wreck Yet Unknown to Officials.

Connellsville, Dec. 28.—Three more bodies have been identified. One was Henry M. Tobias, Reading. He was previously reported as Louis Scaler, Lenoard Sancerro of New York identified the body of his brother, Antonio Sancerro. The young man having on his person the Westinghouse employee checks was identified as Charles Ehrenberg of Park Ridge, N. J.

Only three bodies remain to be identified. Two have been identified, but not claimed.

STAMPEDE OF THE HUNGRY.

10,000 Ravenous Chicago Appetites Fed by Volunteers.

Chicago, Dec. 28.—During a stampede of the 10,000 men, women and children waiting for admission which followed the opening of the doors of the Coliseum where the Volunteers of America gave their annual Christmas dinner, several glass doors were demolished and the dozen policemen on duty at the place managed to restore order with the greatest difficulty.

In the rush several women and children were knocked down and trampled on, but none was seriously injured. The crowd was the largest that ever assembled at such an affair in Chicago, and when every one had been satisfied not a morsel of the tons of food remained.

BIRTHDAY PARTY

Pleasant Surprise in Honor of Mrs.
Catherine Spivey, 73 Years
of Age.

John F. Spivey, Mrs. S. R. Webb,
Mr. and Mrs. W. W. Spivey, of East
Liverpool, Mrs. William Shay and
Mrs. Lilly Richards, sons and daugh-
ters of Mrs. Catherine Spivey, were
present in Fairview at a surprise giv-
ing in honor of the seventy-third birth-
day of their mother on Christmas day.
Mrs. Spivey was the recipient of a
valuable wrap from her relatives.
Previous to the assembling of the
family, Mrs. Spivey was invited to the
home of a neighbor, and after all nec-
essary arrangements for a bountiful
dinner had been made, the aged lady
was brought home.

The only members of the family un-
able to attend were two daughters,
Mrs. C. B. Carruthers, of Kansas City,
and Mrs. Eva Cowen, of Kansas City.
Mrs. Spivey is enjoying excellent
health.

Special Church Services.

Rev. N. M. Crowe, pastor of the
Second Presbyterian church of the East
End, preached an eloquent sermon
Sunday afternoon in the U. P. chapel.
The subject was, "Unto You This

RIGHT OF WAY

UNDER INSPECTION

Councilmen And Railroad Men Look-
ing After Concessions Desired
By C. & P.

Members of the city council, engi-
ner and solicitor, with W. A. Calhoun
as pilot, went over a portion of the
ground asked from the city by the
Pennsylvania Railroad company this
afternoon.

The railroad people have been en-
deavoring to secure the right of way
through the city for the double track-
ing system, and the ordinance has
been hanging fire for several months.
The trip today is being made for the
purpose of becoming thoroughly posted
upon the various concessions asked
by the company.

It is likely only a portion of the
right of way will be inspected today
and that several other trips will be
made before the ordinance is finally
passed.

CADIZ MILLIONAIRE

Principal in Divorce Proceedings
Father of Chauncey Dewey Who
Is Accused of Murder.

Cadiz, December 28.—Word has
been received from Manhattan, Kan.,
that Gertrude Dewey, wife of Million-
aire C. P. Dewey, formerly of this city
and Chicago, has filed a suit asking
for divorce and alimony. Mr. Dewey
is the father of Chauncey Dewey, now
under indictment for the murder of
the Berry family. Mrs. Dewey is his
stepmother. Chauncey Dewey's moth-
er was divorced some years ago and
is now in Paris.

Domestic infelicity and incompati-
ble dispositions are the theme of
many pages of Mrs. Dewey's petition.
Mrs. Dewey says her husband owns
property worth from \$1,000,000 to
\$2,000,000. She says it has been ac-
cumulating since their marriage in
1885. His wealth is in United States
steel stock and Kansas real estate
principally. She prays for "enough
to support herself in ease and com-
fort, the court to measure that neces-
sity."

Picturesque Dutch Boats.

Along the quay in the busy harbor
of Rotterdam the quaint Dutch boats
are crowded, creaking rhythmically
with the rise and fall of the water,
side by side, stern to rudder post, jost-
ling one another in a great confusion
of picturesque lines and gay carvings.
At all the little cabin windows are
clean lace curtains, and on the deck
brass and copper pots are drying in
the sun. Hanging from spars and ropes
the family wash flutters its many
hues against the windy sky. Chubby,
red checked children climb in and out
of the cabin doors or press their round
noses against the tiny window panes.
The women gossip in the sun or clat-
ter around in pursuit of their household
duties, while the men lounge about,
their hands in the pockets of their bag-
gy breeches, and through clouds of to-
bacco smoke survey this scene of no-
madic housekeeping with phlegmatic
content.—Edward Penfield in Scrib-
ner's.

CURED OF CANCER

East Liverpool, O., Dec. 24, 1903.

To the Public:

I have been annoyed with a cancer
for 12 years above my right eye, as
big as a silver dollar when taken out,
and I can say today by the help of
Almighty God and A. J. Miller, of St.
Louis, Mo., I am free from cancer, and
I would say to everybody with cancer
or skin disease not to wait a day, but
call on him at once. He will cure you
at your own home if you will follow
his directions carefully, as he did me.
In nine days after I took treatment I
had my cancer out of my face in alco-
hol for everybody to see. Anybody
doubting this statement of mine, call

CITY SOLICITORS

WILL DISCUSS THE CODE

Important Matters to Be Considered
at a Meeting in Columbus
Next Month.

Columbus, December 28.—A number
of proposed amendments to the code
will be discussed by the city solicitors
when they meet here January 12 and
13.

The solicitors from the smaller
municipalities will complain that the
government provided by the code is
too expensive. The board system
will be attacked and there is also a
unanimous demand for a uniform
police court law with terms of the judge
and clerk limited to two years and
salaries to be fixed by council.

Only about 20 per cent of the
solicitors so far heard from favor the
continuation of the board plan and
they favor making the board of pub-
lic service a permanent institution
with only one of the three to five
members, as the case may be, elected
each year. The mayor is to be given
more latitude in the appointment of
the boards of safety in case the
board is not altogether wiped out. In
case council should refuse to confirm
his appointments he is to be allowed
to substitute new names instead of
stepping aside and permitting the
governor to make the appointments.

The control of pest houses and hos-
pitals is to be taken from the board
of public service and given to the
board of health and control of the
work houses may be given to the
board of safety. The charity depart-
ment may also be taken from the
board of service and given to the
board of safety.

There is a disposition among some
of the solicitors to ask that the bond
limit be increased so that greater im-
provements may be made each year.
There is also a demand for an increase
of the special assessment limit. An
amendment providing for the assess-
ment of the cost of street cleaning and
sprinkling on abutting property will
be offered.

These are only a few of the amend-
ments that have been suggested.

New School Code for Ohio.

Columbus, December 28.—(Special.)
—State School Commissioner Bone-
brake has prepared a school code, said
to represent the views of leading edu-
cators, which the legislature will be
asked to enact into law. It provides
for city, village, township and
special district boards, city boards to
be elected from wards and at large. Else-
where boards are to be elected at
large. Special school districts are
provided for because in several in-

stances they were created by the old
constitution and cannot be wiped out
by decisions of the supreme court.

WANTED WILLIAMS IN A HOSPITAL

Relatives of the Man Indignant That
He Was Taken to the
City Jail.

Relatives of Ed. Williams, who was
taken to the city jail a few days ago
in a very bad mental condition, are
indignant at the manner in which Wil-
liams was treated by the officers.

A daughter of Williams called at the
News Review office this morning and
asked that a statement be made. She
said the family were not in favor of
having him arrested. He had been
bitten by a dog about six weeks ago,
and they were sure when he became
violent that he was suffering from
hydrophobia. She said they asked
the aid of the officers because they
were unable to manage the man, and
after he had been subdued the family
had asked that he be taken to a pri-
vate hospital on Union street. In-
stead of following these instructions,
Williams was taken to jail without a
coat to keep him warm, and was placed
in a cell containing no fire. The
daughter states the officers were
warned not to arrest Williams, as he
was not drunk.

The authorities have an entirely dif-
ferent version of the affair, and insist
that they simply did their duty as
they saw it. They were summoned to
the Williams home by someone who
asked that irons be brought, as they
would have a crazy man to deal with.
They found the report had not been
exaggerated, and no one for a moment
thought of sending him to a hospital.
Had they followed this latter course
it would have been necessary to stay
with him for an indefinite time. The
officers figured the jail was the proper
place for him and there he was taken.
Upon arriving there a physician was
called, and in spite of the hydrophobia
theory, pronounced the man drunk and
suffering from delirium tremens. The
charge of drunkenness was made finally
by the officers, the blank showing
the charge was made by Dawson,
Woods and Bryan. When arraigned
Saturday morning Williams pleaded
guilty to the charge, which, the officers
hold, is a fairly good indication
that he considered himself so.

BIRTHDAY PARTY

Pleasant Surprise in Honor of Mrs. Catherine Spivey, 73 Years of Age.

John F. Spivey, Mrs. S. R. Webb, Mr. and Mrs. W. M. Spivey, of East Liverpool, Mrs. William Shaw and Mrs. Lilly Richards, sons and daughters of Mrs. Catherine Spivey, were present in Fairview at a surprise given in honor of the seventy-third birthday of their mother on Christmas day. Mrs. Spivey was the recipient of a valuable wrap from her relatives. Previous to the assembling of the family, Mrs. Spivey was invited to the home of a neighbor, and after all necessary arrangements for a bountiful dinner had been made, the aged lady was brought home.

The only members of the family unable to attend were two daughters, Mrs. C. B. Carruthers, of Kansas City, and Mrs. Eva Cowen, of Kansas City. Mrs. Spivey is enjoying excellent health.

Special Church Services.

Rev. N. M. Crowe, pastor of the Second Presbyterian church of the East End, preached an eloquent sermon Sunday afternoon in the U. P. chapel. The subject was, "Unto You This Day a Child is Born." The congregation and many visitors were present. Rev. G. I. Wilson, of Mars, Pa., who has accepted the pastorate of the Chester Presbyterian church, will be in town the last week of January and will open a week of revival services

Councilmen And Railroad Men Looking After Concessions Desired
By C. & P.

Members of the city council, engineer and solicitor, with W. A. Calhoun as pilot, went over a portion of the ground asked from the city by the Pennsylvania Railroad company this afternoon.

The railroad people have been endeavoring to secure the right of way through the city for the double tracking system, and the ordinance has been hanging fire for several months. The trip today is being made for the purpose of becoming thoroughly posted upon the various concessions asked by the company.

It is likely only a portion of the right of way will be inspected today and that several other trips will be made before the ordinance is finally passed.

CADIZ MILLIONAIRE

Principal in Divorce Proceedings
Father of Chauncey Dewey Who
Is Accused of Murder.

Cadiz, December 28.—Word has been received from Manhattan, Kan., that Gertrude Dewey, wife of Millionaire C. P. Dewey, formerly of this city and Chicago, has filed a suit asking for divorce and alimony. Mr. Dewey is the father of Chauncey Dewey, now under indictment for the murder of the Berry family. Mrs. Dewey is his stepmother. Chauncey Dewey's mother was divorced some years ago and is now in Paris.

Domestic infidelity and incompatible dispositions are the theme of many pages of Mrs. Dewey's petition. Mrs. Dewey says her husband owns property worth from \$1,000,000 to \$2,000,000. She says it has been accumulating since their marriage in 1885. His wealth is in United States steel stock and Kansas real estate principally. She prays for "enough to support herself in ease and comfort, the court to measure that necessity."

Picturesque Dutch Boats.

Along the quay in the busy harbor of Rotterdam the quaint Dutch boats are crowded, creaking rhythmically with the rise and fall of the water, side by side, stern to rudder post, jostling one another in a great confusion of picturesque lines and gay carvings.
